

# Legacy

## Introduction

**Join me as I share personal encounters with God in the Revelatory Realm on my journey with the Holy Spirit into the Heart of Jesus.**

In this book I will share with you the encounters and discoveries that I have experienced in my journey with the Holy Spirit into the heart of Jesus our Majestic King. These encounters began early in life as God drew me into relationship with Him. It is my desire to share with you some of the encounters, wisdom, revelation and experiences that I have had with The Father, the Son and the Holy Spirit. As you read about these experiences they can become your inheritance. Your faith, your hunger and your response to His Presence will escort you into this delightful relationship. Richness of spirit, profound intimacy, wisdom and revelation of God's Presence await you. I impart these to you today as a prophetic voice of the Lord Jesus.

In broader terms, legacy is what you have also inherited as a Believer in Christ. Jesus has provided you spiritual access into the Throne Room of God. What you experience with God is also your legacy. This book will propel you into living in the fullness of your God given inheritance.

The purpose of this book is not to present a Biblical Thesis on the subject of supernatural encounters between God and His people. Some will demand that and consequently, feel that what I share is focused on experiences and therefore very subjective. In their minds a subjective sharing of personal experiences has little value to the Body of Christ. I understand this position and will never make a great issue about it but simply say that it is a common world view. This world view is well entrenched in many minds because the majority of western thinking has been deeply influenced by the Age of Reasoning that emerged in Europe and its colonies during the late 1600's and into the 1700's.

An Age of Enlightenment (or simply the Enlightenment or Age of Reason) was a cultural movement of intellectuals in 18th-century Europe, that sought to mobilize the power of reason, in order to reform society and advance knowledge. It promoted science and intellectual interchange and opposed superstition,[1] intolerance and abuses in church and state.

It continues to cast a shadow of unbelief over western societies. Many that hear of this book or read it will cast me off as a mystic, a person out of touch with reality or simply a religious man with delusions but I am none of these. It is so refreshing to minister to people in nations where people have not been indoctrinated in this world view and philosophical reasoning all through their academic years.

Yes, when you go into a primitive African village where people are in darkness, you deal with a lot of bizarre things. Demonic powers, superstitions, witch doctors and raw sinfulness will smack you right in the face. But when you preach about God's redemptive plan and the reality of His Presence, these people understand God from a supernatural perspective that is rare in western nations.

I met one pastor in Central Mozambique, Africa who at the age of ten years began to have Angelic visits. He and his family knew absolutely nothing about God but an Angel would come and instruct this young man about the Kingdom of God. This Angel after several visits took him away in the spirit and showed him Heaven and then Hell. This young boy chose to serve Jesus as His Lord. He told his Mother all that had been happening and she began to walk with him about two miles to a little mud wall church every Sunday.

It is my conviction that the Body of Christ needs to experience the reality of God's Presence in tangible Biblical ways. When Jesus said in John 8:32, " And you will know the truth, and the truth will set you free" He clearly mandated the necessity of Biblical Truth being the foundation of what we experience with God. It is my opinion that, dreams, visions, Angelic encounters, prophetic revelation and personal relationship with God the Father, Son and Holy Spirit is established by God. By His initiative He has made this possible through faith in His Son the Lord Jesus Christ. He invites us to know Him personally and in tangible ways.

In other words, experiencing His Presence is far more than intellectual knowledge of God's truth. Knowing His Truth includes both Biblical knowledge and experiencing His Presence within that

Biblical truth. What I will share in my personal testimony of encounters with God is based in a Biblical relationship with Him. Our personal and Ministry Statement of Faith is available on our website for further reference. See <https://www.restorationplaceministries.com/statementfaith.htm>

**The purpose of this book is to also restore hope in your spirit. Hope that God is available and that He has a purpose for you, your family, your town, city, region and for your nation. Hope that will permeate your spirit and carry you forward and upward. Hope that will overcome the circumstances that you face. Hope that will carry you forward in victory over every demonic, oppressive calamity that this world may stir up. This hope will be a power that will not just help you to endure but to rise above earth's trials and embrace the joy of our Majestic King. Hope that leads you to faith, triumph, deeper spiritual intimacy and into knowing Him. Hope that you can actually experience God beyond the intellectual realm and have a relationship with Him that is filled with encounters with Him.**

**God is getting the Bride of Christ ready and He will reveal the Sons of God before the end of this earth. His Word declares in 1Corinthians 13:13 “So now faith, hope, and love abide, these three; but the greatest of these is love.” God will bring every Believer who will respond to Him into such a profound experience of knowing Him so much so, that His faith, His hope and His love will literally saturate those Believers to the same degree that it flows out of Him.**

**I have had encounters with Majestic King Jesus and while in His Presence this is what emanates from Him. When He looks at the earth, He looks with such immense faith, hope and love. When He looks at you, He looks at you with immense faith, hope and love. I have looked into His eyes and been overwhelmed by the deepness, the purity, the immense qualities that flow from His eyes. His eyes are the windows of His Spirit and they express profound faith, hope and love. Before He comes again, He will restore these attributes to many of His Sons and Daughters. Many are wanting the gifts of the Holy Spirit and they are absolutely necessary but so is the fruit of the Holy Spirit. When we become saturated with the kind of faith, hope and love that comes from His Presence then we will be vessels worthy of carrying His greater power.**

**It is my prayer that what I share in this book will draw you much deeper into Christ our King than where you are today. May it be true as you enter The Realm of the King.**

## **Clarity Statement :**

**What I share in this book is available to all who have come into relationship with God the Father, The Son and The Holy Spirit because of their faith in; and their personal response to salvation, which was established and made available through the Redemptive work of Jesus on the Cross. Once that relationship is established then every Born Again Believer has access to the realm of God. This realm within the Presence of God is what Believers were created for. There is no other access to the Father and His Kingdom, except through Jesus Christ.**

**I want to make this clear at the beginning of this book. The unsaved or sinners are separated from God but can enter into a relationship with God, of course. Their access to relationship with God is by way of the Cross, repentance, forgiveness, commitment and spiritual rebirth. If they believe the good news that Jesus brought then they can experience salvation and relationship with God.**

## **Inner Awakenings:**

### **Born Again by the Spirit.**

I slipped into the church pew with my Mother and Dad and sat down in this little Free Methodist church feeling uncertain, yet hopeful and very hungry for God. The song service began with some songs I recognized from my childhood days. However many of the songs were new and created an atmosphere of deeper longing and invitation. Twenty minutes or so of worship was followed up by the Pastor asking if there were any testimonies this evening. This was a little strange to me but I had heard some of this kind of congregational expression in a few other venues, so I listened with great interest to what was happening in that worship service.

I was seventeen years of age and a few months short of my eighteenth birthday. Most of the people were old enough to be my grand parents. There were a handful of young people in the church around my age but what was being shared by these older people galvanized my attention. Some stood to their feet with tears running down their cheeks and shared about Jesus walking with them through the past week. How He had spoken to them as they prayed and read His word. How His power had touched them. They shared how He had helped them through difficult times during their journey of life.

During their testimonies, they would tell of how they had come into salvation earlier in life. The words they shared created an atmosphere within the church. For the first time in my life attending any other form of church, I actually felt the Presence of God. I longed for what they spoke of and experienced. My heart pounded within me. I was flooded with desire to know God in the way they knew Him. This was real. The atmosphere and Presence of God was close to me and I knew it. Each week, I would return because of what I felt and for what I longed for. Within a month or two there was a change of Pastors and we soon were introduced to a Lady Pastor. Her first name was Beth. She had travelled as an evangelist for several years and carried a deep compassion for the lost. I was lost but I was also searching. Almost every service she would invite people forward for prayer. Sometimes, I would go forward but usually felt awkward and did not know how to pray. I did not have a personal relationship with the Lord yet, so these prayer times were only gestures that I was making towards God. One Sunday morning, I felt deeply convicted, hungry and desperate for God. At the conclusion of that service, I did not go forward for prayer because my hands were gripped to the back of the pew in front of me. I longed to go for prayer but could not break myself from the fear that had come over me. The service ended and we started to leave the building.

This dear Pastor made her way to the only entrance out of the church and waited there; I am sure for me. She of course was shaking the hands of everyone leaving the service that morning. When she shook my hand, she did not let go. She looked me straight in the eye and told me one of the most liberating truths that could have graced my heart at that time. I lacked certainty and courage. She told me that I could invite Jesus into my life anyplace, at any time and that it was the most important decision I could make

in this life. I thanked her for telling me that and said “ I would give that some thought.”

The very next night, I was in my room doing homework from school. My heart was restless and soon my thoughts drifted away to a song we had sung there in the church. I began to sing what I knew of the words. It spoke of Jesus and how He had taken our place on the cross to provide forgiveness and opened a way to have relationship with God. I felt deeply moved emotionally. I was so aware of my sinful empty heart. As tears ran down my face, I asked Jesus to come into My life, to forgive me and lead me from that time forward. Several things happened in that room that night. A heavy sense of guilt lifted from my heart. I knew Jesus had forgiven me. I felt the Holy Spirit in that room like never before. His Presence was tangible, real and powerful. I laid on my bed in reverent awe, joy and amazement at what I was experiencing. That was the beginning of my relationship with God the Father, Jesus the Son and the precious Holy Spirit. I was deeply satisfied.

My life changed. His truth began to refine me. My heart was alive, vibrant, vulnerable and yet eager to follow Him. Each Sunday, I would attend the same services. I soon attempted to share with these precious people what I had experienced. I bravely tried to stand like the veterans did and share my testimony. But I could only blurt out a few words and then I would begin to cry. I usually would sputter and finally sit down. The weeping before the Lord occurred during every testimony time. I would often begin to cry as I talked about what Jesus meant to me and had done for me. I knew I was born again of the Spirit through faith in Jesus as my personal Lord and Saviour.

The Holy Spirit was so real and began to lead me. He gave me a desire to go into the ministry and I started the process of training that would place me into the ministry.

These early experiences were the beginnings of a relationship with the Holy Spirit that continues to this day.

## **Light Versus Darkness:**

### **Tested in the Spirit.**

The Holy Spirit began to broaden my knowledge, my sensitivity to His Presence and to the Kingdom of God. In so many ways, I was naive and untested. He is so very, very faithful in His care, instruction and His everlasting mercy. He has rescued me out of so many traps of the enemy.

The intrusion of the demonic challenged me seriously on one occasion within a year of my salvation. Before coming to personal relationship with Jesus as Lord, I had searched for reality in some paranormal areas. Delving into unexplained mysteries through books that were readily available. Several months after my salvation, I purchased one of these paperback books and it shared an experience or “close encounter” that captured my curiosity. The author claimed that he had met some beings from another dimension. It was the typical encounter with aliens or UFOs that are now common in reading sections in most bookstores. In this man's testimony he shared that he met these strange beings that could appear in human form or other forms. They presented themselves as a superior life form from another galaxy. They claimed they had access to other dimensions, where time and space travel did not have the same constraints that earth has. At that point in my life, I had very little knowledge of Angels and demons so in naivety read on. In the book, the dialogue that the author was having with these beings came to the subject of Jesus Christ. They said, “Jesus Christ was merely an advanced form of human” and “that men had elevated Him as a god.” They further stated, “there was no eternal God, only higher forms of advanced life through out the universe that had evolved to higher or lesser forms of life.” When I read this a demonic presence came into the room. I could not see it but it was standing there. I was almost paralyzed by fear. I could not move. I could only manage to whisper “Jesus..Jesus..Jesus.” Several minutes passed in this state of uncontrollable fear and finally the demonic presence left. I got on my knees and repented for my sinful curiosity and the deception I had pursued. For several weeks, I was revisited by that demon of fear. It would only leave when I said the name of Jesus... repeatedly. I learned some important lessons through this extended period. I learned that there is a great demonic deception being promoted through UFO phenomena. There are only four kinds of spirits. God is Spirit and by nature He consists as God the Father, the Son and the Holy Spirit. There are also Holy Angels that are spirits. They can manifest themselves in various forms. There are also fallen Angels or demons who have rebelled against God and been cast down from heaven away from God's Presence. They also have the ability to manifest themselves in various forms. They do this for deceptive purposes. These demonic spirits are presenting themselves as a higher form of created life or as aliens who come into earth's dimensions with UFOs or as extra terrestrial life forms. This is the demonic form that I had the encounter with. They are real, deceptive and evil to the core. The fourth kind of spirit is found within mankind and is the human spirit. The human spirit is you within your physical frame. Your spirit will leave the physical body at death and present itself before God for judgment.

**This experience was a life lesson that I learned at great risk. I thank the Lord for preserving me and delivering me out of the snares of the devil. I asked the Lord to teach me His ways and that the Holy Spirit would be my Teacher. My hunger for more of God continued to grow as I pursued God.**

**Not long after my salvation experience, I felt God calling me to go into ministry. I shared this with my Pastor and followed her advice to go to a college that would start the process of preparation for ministry.**

## **The Joy of the Holy Spirit:**

### **Discovering the Reality of His Joy.**

While I was a freshman student at Robert's Wesleyan College in North Chili, New York; I had an encounter with the Holy Spirit. The campus chapel had made arrangements for special weekend meetings for the student body. In one of the morning services a guest speaker preached about the need for the Holy Spirit in our lives. I was very interested in what He was sharing. He made reference to people such as Charles Finney and others that God had used a century ago because of their life in the Holy Spirit.

**This speaker referred to Finney's baptism in the Holy Spirit as follows. He was quoting from an author's source that I can not remember:**

"... The Holy Spirit descended upon me in a manner that seemed to go through me, body and soul. I could feel the impression, like a wave of electricity, going through and through me. Indeed it seemed to come in waves and waves of liquid love; for I could not express it in any other way. It seemed like the very breath of God. I can recollect distinctly that it seemed to fan me, like immense wings.

"No words can express the wonderful love that was shed abroad in my heart. I wept aloud with joy and love; and I do not know but I should say, I literally bellowed out the unutterable gushings of my heart."

**This testimony of course, created a deep hunger within me for the same Holy Spirit. As the speaker continued to speak about the Holy Spirit a deep hunger filled the atmosphere in that chapel and many responded to the invitation for prayer.**

I went forward for prayer and reverently knelt at the front. These folks believed in what they called "tarrying." This meant waiting in prayer and expectation. Sometimes a leader would personally pray for recipients but most of the time you would just prayerfully wait there until you had a break through or were satisfied with what you received. I took this posture and waited. To be honest, I didn't know what to expect. I surely was hoping for an encounter with the Holy Spirit such as Mr. Charles Finney had received. After 15 or so minutes kneeling there, I began to laugh. I tried to keep this quiet because I was sure others would think I was mocking or making fun of what was going on. You see, reverence was important in those circles. Long faces and a somber expression was the standard posture to take in this type of situation and I did not want to offend anyone. I had been around enough of these types of meetings to respect the protocol, so I struggled to keep this laughter under control. However, the more I tried to muffle this laughter the more I could not stop it. I had never heard of what would come into the church some years later and was called the "Laughter of the Holy Spirit." So there I was trying to keep composed and yet feeling this strange working of the Holy Spirit within me. It seemed that there was no reasoning with it. It was not like I had remembered a joke or something funny. Laughter just bubbled up from within me. I

finally thought that I better leave before one of the leaders scolded me, so I left to go back to join my room mate. He looked at me and said “what happened to you?” I burst out laughing and could not talk or even explain what was going on. He just looked at me with amusement and we finally left to go back to the dormitory. This laughing lasted for around 4 hours. I could not talk to anyone except with a few words interspersed among the continuous laughing. I was being filled with the joy of the Holy Spirit. It was so deep and delightful. It swept over me in waves. It was energizing me in the spirit man but my physical sides were sore, my face was tired and yet I could not control any of it. Oh, this was so good, so refreshing and so powerful. It finally subsided and I knew that the Holy Spirit was doing a new work within me.

The following summer I went to a camp meeting. During one of the services they announced that there would be a water baptismal service for anyone that wanted to follow Christ into the waters of baptism. I signed up because I wanted to follow Him and take this step of obedience. At my water baptism something deep in my spirit happened. When I was immersed under the water a deep awareness of His Presence was awakened within me. I spent the rest of the afternoon just quietly being in meditation and prayer.

Later that evening, I was scheduled to interpret the service in sign language for some hearing impaired students. I started with the song service but found that I could not focus on doing this. It was like my mind was in another realm. I could hear what was going on and observe but it felt like I was detached or “zoned out.” All I was aware of was a deep hunger and sense of the Presence of God in the meeting. I knew we were in the Presence of God. His Presence was so very real in that meeting. When the invitation was given for prayer, I went forward.

Thank God for churches and ministries that give the Holy Spirit opportunity to work among the people. Cherish this leaders. Never abandon this.

The moment the evangelist touched me, I felt this strong Presence of the Holy Spirit come over me and into me. I can only describe this as being like hot oil that came down over me and inside of me. It contained love, assurance, joy, purity and energy. This was the Holy Spirit the third person of the Trinity coming upon me and this was so wonderful. I began to speak in a spiritual language that I had never heard before. I felt such intense heat. I felt like I was melting into a pool on the floor. My senses became so alive. I knew what was happening in the meeting but did not want to move away from what was happening to me. I stayed at the front just responding and yielding to what the Holy Spirit was doing in my life. This was so intense. It was the Holy Spirit and His fire burning within me. I really was overwhelmed by this. I have no idea how long this lasted but when this work subsided, I looked around and only two or three people were still in the building. This was definitely a life changing and powerful work that He did within me and I thank Him for taking me into this baptism of the Spirit.

## **Awakening of the Seer Anointing:**

### **Seeing into God's Realm.**

The Lord lead me to transfer to another college located in Springfield, Missouri. This brought increase to me. The Holy Spirit was encouraged to work in the students, teachers and staff at this college. While there, we were blessed by many key note speakers who were being used by the Lord around the world. In some of the meetings God worked powerfully. God was increasing His gifts within me. One of these was the seer anointing gift. I define that as the ability to see beyond the natural vision into the realm of the Spirit. This ability functions under the gift of discernment, the gift of knowledge and most often operates within the gift of prophecy.

During a service, the evangelist had finished preaching and was operating in the gifts of the Holy Spirit. He was releasing words of knowledge concerning healing and called people forward to receive additional ministry. I was up front, just positioned there to receive more of God. The evangelist came within a few feet of where I was standing and began to pray over a woman. She was a student who could be quite nasty to others, if given the chance. When the woman received prayer, she immediately fell to the floor. The evangelist commanded her to be set free. When he said this, I saw this small but very dark whirlwind come up out of her. I often began to see physical conditions while in these extended meetings. I will explain what I mean. This evangelist would often operate in words of knowledge and release healing over people. At the same time, I would often see visual pictures of those conditions within my own mind or spirit. I feel now that the Holy Spirit was giving me "on site" training in how to "see in the Spirit" and operate with the gift of words of Knowledge. This gift is listed in 1 Corinthians 12 among other gifts that He releases within the Body of Christ. I believe these experiences were the beginning manifestations and operation of the Seer Anointing within me. I thank God for His faithfulness in helping me.

What ever God has given us in His word belongs to you today. He sent His Holy Spirit to live within every Born Again Believer. If you are a Born Again Believer you also have the Holy Spirit living within you in some measure. As you search for more of Him, He will manifest His Presence in increasing measures. He has supernatural gifts and will release them as He chooses. However, ask the Holy Spirit to manifest His Presence through you. You need this to occur so your life is a fruit bearing tree. Others also need what the Holy Spirit can give them. See yourself as a vessel through whom the Holy Spirit can live and work. You were created for this so press forward in prayer and ask for the increase.

### **Supporting Scripture references.**

1Corinthians 6:19 Or do you not know that your body is a temple of the Holy Spirit within you, whom you have from God? You are not your own,

1Corinthians 6:20 for you were bought with a price. So glorify God in your body.

Romans 8:14 For all who are led by the Spirit of God are sons of God.

## **Awakening the Gift of Discernment:**

**The Lights start coming on.**

LaQueta and I began our relationship in Bible College and have been married for over 40 years. After marriage and graduation, we accepted an assistant Pastor position at a church in the east end of Toronto, Ontario Canada. Scarboro Gospel Temple was a place of training. I think really, every place along the journey has provided the opportunity to learn and grow in Christ. However, in this church God began to stir up compassion on a deeper level within me. I often felt the emotional pain of others that needed ministry. I was drawn by the Holy Spirit to those suffering. The Holy Spirit began to bring me into relationship with His heart on a deeper level. He also manifested the gift of discernment in areas of deliverance. The following may seem very strange to you but I am describing without exaggeration what I would often see. Often I would see a dark countenance on the faces of those who needed deliverance in their lives because of the presence of occult spirits. I would see this in two levels. I would see this with my natural eyes and often with my eyes shut. If I was praying with my eyes shut, the Lord would bring the image of the person to my mind and then I would also see these dark shadows or dark countenance on their face. The Holy Spirit did this so I would be able to minister to them more effectively. Jesus has come to set the captives free and liberty to those that are bound.

During this time, I often had visions about the suffering. I would see these malnourished people and their great need of God. I would feel deep sorrow and sadness in my heart for them. This brought me into connection with the compassion of God for those who are suffering.

I had a vision one Saturday night. I was just spending time in prayer and preparation for the Sunday meetings and this happened. For the space of a half hour I was taken into a vision and intercession. At the time I did not understand completely what was happening. I was lead by the Holy Spirit into a parade of scenes that passed by me. These scenes were filled with corrupt scenes of human sexual behavior. I thought at first, I was under attack by the devil. However, what the Holy Spirit was showing me was the assignments of the devil against those he was oppressing in these areas. I realized that all these scenes were outside of me and not within me. I began to pray for those trapped or oppressed by demonic spirits of adultery, fornication, homosexuality and lesbianism. This lasted for a half hour. Then just as suddenly as it had started, so it suddenly ended. I did not understand why this happened fully.

The next morning we had church and by evening I had just set the vision aside from Saturday night. On Sunday night the Senior Pastor got up and preached a compassionate message on the ability of God to set people free that were being tormented by the devil or entrapped by spirits of lust. A handful of people came forward for prayer at the end, including one young man about 18 years of age who came up for prayer. I went to him to pray for him. He explained that for two weeks he

had been under attack by thoughts of homosexuality. He did not think that anyone would be able to understand the torment that he was enduring. However, at that moment I understood why God had allowed me to see the torment that the demons can bring against someone they are attacking. I shared with him what the Lord had showed me the night before while in prayer. I told him that the Lord prepared me, so I could be ready to pray for him with compassion and understanding. He was greatly impacted by the Lord that night and the demonic assault against him was broken. He walked into full victory that night.

Supporting Scripture references.

Luke 4:18 "The Spirit of the Lord is upon me, because he has anointed me to proclaim good news to the poor. He has sent me to proclaim liberty to the captives and recovering of sight to the blind, to set at liberty those who are oppressed, Luke 4:19 to proclaim the year of the Lord's favor."

## **Increase in Words of Knowledge:**

### **In the school of the Holy Spirit.**

I want to say again that the Holy Spirit wants to reproduce the life of Jesus within us. He wants to do that within you and I. He wants us to take on His image and be Christ like in all aspects of our nature. The result is that we carry His Presence and become His ambassadors in the world. This is such a central theme in the message of Christ. John 15 brings that to our attention so clearly, as Jesus speaks to the Father and to us.

During this time, the Holy Spirit began to bring increase of words of knowledge to me. For me this gift was directly linked to the ministry of healing and would come in this way. I would either see in visual form a word, which was usually the name of the disease or the actual body part that was affected by this sickness. Often, if a disease was not easy to identify with a human organ or part then the name would be given to me. For example, diabetes would often appear to me in my spirit mind as a visual word. If some one had arthritis, or some other condition that affected their physical parts, I often would see that physical part in my spirit mind. For example, I would see a lung, a heart, an injured shoulder, a bone condition, an ulcer and so forth. I was being trained in my spirit to see these and operate in words of knowledge concerning healing.

I honor God and those who are surrendered to Him. I regularly attended Monday night miracle services in a church on Yonge Street close to the 401 intersection in Toronto when Benny Hinn was early in ministry. The Lord used Benny because I was so hungry for the reality of God in my life. God also used this season to awaken the gifts of God in my life. I would go into these services and during worship I would become aware of what physical conditions were going to be healed in the service. Benny would then begin to minister powerfully as the Holy Spirit would sweep through the meeting healing many. For me, I would see confirmation again and again in my spirit of what the Holy Spirit had shown me, as well. I thank the Holy Spirit for those meetings and I want to thank Benny for his ministry then and over the years since the early 1970s while he was still based in Toronto, Ontario Canada.

Following the Holy Spirit is not easy, until we learn how to trust Him. I worked my way through the second guessing stage of wondering, if this was of God or just me making it up in my mind. Anyone being used by the Lord will be tested in this area. You know at first, I was so weak in this area. The only thing I could sense was not much more than what I would call a hunch or simple thought or a possibility. Nothing more than that. However, when I would minister I would invite people forward with that condition and they would come. Sometimes, they would not come until two weeks later. I had one

woman come to me two weeks later, and she said, “do you remember that word of knowledge that you gave about someone with a specific condition?” I said, “yes, why didn't you come forward?” She said, “ oh, I wasn't sure it was me, but the condition has left and I am not bothered by it any longer.” Well, praise God for His faithfulness. I learned to be obedient and leave the results with God. However, He also provided many immediate confirmations of healing on the spot when I ministered. He still does, as we follow His directions.

Trust the Holy Spirit and be obedient. The more you do this, the more confidence will come to you. I know I missed what the Holy Spirit was showing me many times. But the Holy Spirit is so faithful. He will train you, if you are willing to live in the supernatural. Make it your goal. Spend time with the Holy Spirit. He is with you but acknowledge His Presence. He wants to have relationship with you. He is so very, very precious as He reveals Jesus to us.

## **Encountering His Love:**

**Desperate to know His love.**

A deep hunger was growing in my heart during this season in my journey with God. I would be the first to say that I deeply appreciated what gifts the Lord was manifesting in my life at that time and still does. However, I often would see God moving and ministering to others yet feel something was missing in my heart. There is a very distinct and holy privilege that is given to us by God when we minister to others. Seeing the power of God deliver someone from demons, seeing someone healed and well or seeing the gifts of the Holy Spirit operating in your life is wonderful. I will never take that lightly. I will always be thrilled by this because it is Jesus manifesting His Presence.

Let me share one testimony from that time. One Sunday morning, I came up from the Sunday School area to the main lobby of the church. The Sunday morning service had already started. When I came into the lobby, I saw one of the well known couples at the church at the receptionist desk. Eileen was sitting there with her husband George standing next to her. She looked terrible. She was so weak she could not sit upright in the chair and was collapsed onto the desk in front of her. I asked what was going on. She said she had severe pain going through her left arm and all across her chest. George, her husband was in near panic. I said, "Lets pray" which we did and nothing happened. She was quickly fading and succumbing to this heart attack. George went to find her a place to lie down and then said after that "I will call 911 for an ambulance." When George left briefly I distinctly heard a voice within me say, " rebuke this and command it to leave." So I prayed again with Eileen and told this spirit of infirmity to leave her. Immediately, a change occurred. In less than a minute George came running back and Eileen was sitting up. Her ashen countenance changed to a healthy glow and all pain was gone. This was remarkable. Eileen was on death's door suffering of an apparent heart attack and within a minute was completely well. They both got up and went into the service. This taught me something about the power of the Holy Spirit and the importance of listening to His direction and obeying that direction. If, I would have missed that direction, Eileen could have died there in the lobby of the church.

However in the midst of this season of learning, I discovered something that puzzled me for some time. I would experience His anointing and be delighted in seeing people receiving their touch from God. I would often feel His anointing on me, as well and often in a very powerful way. However, I would go home and by the next morning felt so alone in my heart. I know God was with me, of course but I wanted to know Him; not just how to operate in His powerful anointing. This may seem strange but let me explain. I discovered that the anointing or the power of God could be evident in my life and yet I still felt I did not know him the way I wanted to.

I began to ask Him to show me what His love was like. I knew He loved me, of course but I wanted to actually know what His heart felt towards me in a tangible way. I craved His love and longed for this experience. I spent hours in prayer seeking Him.

One day I was in prayer and He responded to my requests. His Presence came over me and I felt God's love for me. I entered into a spiritual experience. I literally felt His presence coming upon me. It was like liquid energy that came on me and into me. This energy was so tangible. His Presence is tangible and His Presence in this moment was filled with His love. He spoke to me and said, "Keith... I love you." This was the first time I had Him speak to me in an audible way. I heard Him speak to me on two other occasions during this time. It was an audible voice that I could hear with my physical ears. This communication later shifted to thought forms in my mind and spirit. He speaks to us regularly through His written word the scriptures, of course. We need to trust that written word and embrace it. When I heard these words, "Keith.. I love you," I began to cry. It was so overwhelming. It had never come to my thoughts before, how God would address me. But the simple gesture of Him calling me by my first name was so profound. God's words are so laden with meaning and expression. My name when spoken by God was filled with love, compassion, interest, confirmation and knowledge of who I am. When He said, "I love you," it was filled with such extraordinary assurance and certainty of His love. The words He spoke actually imparted the essence and experience of what His love is like. Do you understand what I mean? His love is tangible and very, very real. You know that, but have you felt it? God wants to show you in such a way that you actually feel what His love is like. God has the ability to transfer the actual feelings of His heart into yours so you can know Him on that level.

Ask Him for this.

1Corinthians 8:3 But if anyone loves God, he is known by God.

I think you will be interested in this word known... here is what the Strong's Concordance says.

G1097 γινώσκω is the written Greek or *ginōskō and pronounced ghin-ocē'-ko*

A prolonged form of a primary verb; to "know" (absolutely), in a great variety of applications and with many implications : - allow, be aware (of), feel, (have) known (-ledge), perceive, be resolved, can speak, be sure, understand.

He wants us to have knowledge of Him or to know Him absolutely. Loving Him will bring us into much deeper knowledge of Him.

We all can accept the fact that God loves us whether or not we are experiencing any proof of this; we simply realize that it is His decision to love us or not to love us. But as I shared above, I experienced what that love feels like and He definitely wants you to know His love also.

## **The Refining Fire of the Spirit:**

### **Encountering the refining fire of the Holy Spirit.**

I have felt His refining fire many times and the reason being is that I have needed deeper levels of His refining fire in my life, as I have come into closer relationship with Him. John the Baptist said that when Jesus would come He would baptize His followers in the Holy Spirit and fire. John was speaking of the refining fire of the Holy Spirit. The Holy Spirit comes to burn away the sinful desires, the old nature and old habits from our lives. Embrace this work for it leads to greater relationship with Him.

On one occasion I was worshipping Him in a private devotional time. While doing this, I felt a wave of intense heat come over me and rest upon me. This heat remained on me for some time as I continued to worship Him and as I remained positioned in His Presence. This was a very intense heat that was filled with energy. The source of it was right before me, although I could not see anyone there. I could feel the direction of the heat coming at me and passing into me. It was like radiant heat coming from Him.

Let me try to illustrate this with a personal example. I worked for about a year after finishing high school in a factory that produced wood handles for everything from paint brushes to brooms. It had a huge kiln to dry lumber in. Trolleys with lumber stacked on them could be rolled into this kiln. Once the large doors were closed the lumber would stay in there for several hours at high temperature to dry the wood. Although, I worked in the next section over from the kiln, everyone knew when the kiln doors were being opened because a wave of heat would flow through those sections of the factory. You could feel the direction of the hot air and its effects on your body. That is how it felt when I sat in front of the Holy Spirit on this occasion. I could feel such deep refining heat radiating over me. I knew that He was doing a spiritual work of refining within me. It was during one of these sessions that the Holy Spirit or an Angel placed His hand on my chest. This touch was as real as a human touch. It was so unexpected that for an instant I thought our pet cat had jumped up onto my chest. This hand stayed on me for ten minutes or so. I felt an instant release of energy into me the moment it touched me. It also filled me with joy, love and affirmation. Jesus is so very, very precious. He wants us to know Him, to abide in Him and to discover Him.

## **Engaging the Enemy Spy:**

**My encounter with an agent of darkness.**

One day, I spent several hours in my bedroom just ministering to the Lord in quiet worship and telling Him how much I loved Him. I was up walking slowly back and forth in the one end of the room. In the room to my left there was a large walk in closet. The door was open. As I walked away from that wall, I closed my eyes briefly. The image of the door was still embedded in my eyes and what I saw in the door way of the closet was a demonic appearance very similar to the Grim Reaper. It was hooded and very skeleton like. It was just standing there observing me. I did not feel any alarm or fear but I went back and stood right in front of it, although I could not see it with my natural eyes. I said to it, “ I bind up your powers and command you to leave, in the Name of Jesus.” Immediately, I felt something like a pressure wave released before me and I saw this demon ejected out of the room. This pressure wave was similar to when someone slams a door down the hallway and your door jiggles because of the sudden air movement. This is what it was like. An immediate eviction of this spirit. God's power is so awesome and effective when dealing with the demonic realm. My guess is that the demon was there checking me out in some way. I just returned to worshipping the Lord and never give it much more thought. This and other engagements with the enemy gave me much assurance about our authority in Christ. This occasion may have been one of many training exercises that the Lord gave me, so I would be better equipped.

For two years, I had the opportunity to minister at a Christian Television centre in Toronto, Ontario Canada. They had live Christian programs, a live studio audience and online telephone prayer counsellors to minister to incoming phone calls. While there over the two years, I personally answered hundreds of phone calls. It was intense ministry but I thrived in it.

The faithfulness of the Holy Spirit was totally amazing. There was no human way to cope or deal with the wide variety of personal needs and prayer requests that came in. But the Holy Spirit would take charge of every detail. All of the troubles of people in society were represented there. Fatal diseases, violent abusive partners, alcoholism, addictions, occult bondage were among many of the needs that would be phoned in by people as prayer requests for others or in themselves personally. The Holy Spirit would often give me scripture verses “on the fly” as phone calls came in one after another. It was amazing because He would show me verses I did not even remember where in the Bible but were important for the caller in their time of need.

The ministry there saw many miraculous healings and answers to prayer. We did not deal with deliverance over the phones but occasionally it would happen spontaneously during phone line prayer ministry. Every day, we as a team and individually would

receive words of knowledge and spiritual revelation on behalf of peoples needs. It was so amazing to see the Lord working in that environment. He even controlled the phone system. For example, it would occur repeatedly where a caller would reconnect with the same person that had previously prayed with them. That was next to being impossible in the natural because there were twenty five phones. They were programmed to accept incoming calls and assign them to the next available phone. Nothing surprising about the phone set up. However, when you finished a call and put the receiver back on the hook, then received a call from a caller that you had spoken with the week before; that was interesting. The chances of that one person connecting with you personally was one out of twenty five multiplied by the number of phones calls coming in during the broadcast. The odds were very high against that happening in any sequence related to continuity between callers and prayer counsellors. Yet the Holy Spirit would cause that to happen over and over again.

The Holy Spirit is amazing, powerful and will fully engage every situation that He takes us into, if we yield ourselves to Him. For me it was an awesome time to experience that kind of dynamic work on a spiritual level.

## **The Room of Knowledge:**

### **Visit with the Lord in the Room of Knowledge.**

While in prayer on one occasion, I suddenly went into a vision. This vision was very vivid and interactive. As I entered this vision, I was being escorted by an unseen Being beside me towards these very large doors ahead of me. I presumed it was the Holy Spirit that was escorting me because this Presence being there at my side.

The doors ahead of me were beautiful wooden doors probably double the height and width of normal doors. They were double doors and very finely finished. They had raised panels on them and very intricate carvings on them. It was an exquisite masterpiece of art that graced the room I would soon enter. In the vision, as we approached; the doors swung open of their own accord to welcome us. I entered into a room that was filled with knowledge. It was very similar to a large reference section in a library but more on a personal basis like a personal reference or study room. It was very stately. The shelves were lined with very valuable books and some looked very ancient. These books would begin to release their information to me the moment I even casually glanced at them. I continued walking toward the front of this magnificent room. The atmosphere in this room made it possible to absorb or learn at a very accelerated rate. To a human in the natural, it would have been overwhelming in this atmosphere.

I was not interested in the information though, but was just observing this randomly as I walked forward. The Lord Jesus was sitting at a large comfortable desk at the front of the room. He was so radiant that I could not really see the details of His features. I felt so inadequate approaching Him but all of this was in response to my ongoing prayers to find His direction and purpose for my life. I had been seeking for direction for several days. I noticed two comfortable chairs positioned in front on each side of this immaculate desk that He sat at. His countenance was so inviting and so filled with respect for me. I was overwhelmed by this and did not know how to receive such pure expressions of His love for me. As I approached the Lord, I thought to myself, “ I must be polite and first wait for Him to offer a chair to me.” He knew my thoughts and invited me to sit in the one closest to me. It seems so strange now to share with you the fears that I had in His Presence but they were there within me. It is important that I share them with you. Even as I was in the process of sitting, I begin to think, “ now I must put my best forward here and convince Him that I am totally committed to do whatever He assigns to me,” and “ that I would be a good candidate for the ministry assignments He wanted to give me.” It was like I thought, I had to do a sales presentation to win Him over to what I thought should happen. How crazy is that?

Well, before I was fully seated He said to me, “ we have ministry for you and will provide you with further training, so you can do what we call you to do.” That is where

**the vision ended but in that encounter, I was fully convinced and overwhelmed by His love, His attention to the needs I had, the fears that I faced and the desire I had to please Him. He totally understood these very real issues I faced and yet there was no impatience, no scorn or rejection.**

**While before Him in this vision, I felt complete acceptance coming from Him. His love for me, although He saw my fears, doubts, self interests and many other things was superb. He ministered to me as if I were a guest of honor coming into His personal den or study to meet with Him. This is My King. This is your King. The One we are willing to die for and follow. It is His love that captures our heart. I know He does not need a study room but yet He chose such a setting in which to meet with me. I came out of that vision with such admiration for my King, Master and Lord. He is my Friend and Companion. He is most delightful in every way.**

## **Angelic Ministry:**

### **The Ministering Servants of God.**

One week my wife and I took a week off, to pray and wait on God. A friend let us use their cottage on a lake out in the country. It was a wonderful place to be refreshed in the Lord. We just had a quiet time personally together and with the Lord. We both spent a lot of time reading and praying. By the middle of the week, I was getting very sensitized to the Spirit and entered into a heightened awareness. I started getting visual images coming to me about the surroundings. I saw the day before it happened, a deer swimming in the lake and sure enough the next morning we looked out and saw it.

One morning very early, I awakened and immediately went into a trance. I first heard a gust of wind on the roof above the bed room. Immediately, I saw the wind like a whirlwind above me and in the middle of the vortex was an Angel. It came down through the roof and passed through the room before me. It reached out and touched me. I instantly felt the refreshing anointing of the Holy Spirit surge over me. This was one of the first direct encounters that I experienced with Angels, although scriptures tell us they are always around us.

This was in the fall of 1978, Kathryn Kulmann a well known evangelist of that era had died a few years earlier. However, one of the visions I received that week was of her ministering. I felt I received an impartation of ministry from her as I watched her in this vision. The Lord has such a sense of humour. At one point in the vision I saw Kathryn Kulmann going down the produce aisle in what looked like a normal grocery store. Every time she touched a cantaloup or watermelon, it would fall on the floor at her feet. One of the works of the Holy Spirit through her was what people called "falling under the power" when she would pray for them. I have no idea why this was part of the vision but it was. Kathryn seemed to be having so much fun while doing it. I thought it was hilarious, personally. Maybe the Lord wanted me to lighten up a little.

## **Tapping into His Compassion:**

### **Feeling His love for the Wounded.**

I spent close to eight and half years as Chaplain with administrative duties in a Christian Group Home for adolescent women. The Lord really had a lot of work to do in my heart before I accepted that invitation. However, in the course of one week He stripped me of so many hard hearted attitudes. I spent a week with Him repenting of all the stuff He dug up deep within me. However, I accepted that invitation and spent the remaining eight plus years ministering His compassion to the very broken, abused and troubled young women that He sent to us. He connected the cause of so many symptoms to the roots of broken hearts during that time.

He often used words of knowledge and discernment as we ministered to these gals. Some that came to us were not ready to receive help. However, many did receive from the Lord. I will see many of them in Heaven, I am sure. Compassion for the wounded was not an easy gift to carry. When you become sensitized to the Lord's heart and what He feels for others, it can be overwhelming. To see Him minister with such tenderness and loving care was amazing. I learned much during that tenure there and on a deeper level I learned to love many that were very broken. Some were fighters who had learned to be aggressive so it was not always easy. It was the Lord's compassion that kept me locked onto Him through those eight years.

## **The power of Intercession in the Spirit:**

### **Releasing the River.**

**In 1994 I had a Dream:**

**I was walking in a shallow river. The purpose of this was to pray and intercede. There were many others walking along this river and lifting up intercession. Several intercessors were there with me as we prayed. The water depth was about to our knees. Our prayer was actually removing and clearing debris suspended or hung up in the river. As we prayed, this stuff would be freed up and move away down stream. I realized in the dream that we were doing something important in the Kingdom of God; so that the river of the Holy Spirit could flow more freely and with greater depth.**

**As we were walking along, I looked up the river and saw a huge log jam holding back the river of God. We all begin to pray that the dam would break and release the Holy Spirit. After a season of prayer, suddenly a collapse of the dam occurred and this released a deluge of water that swept us forward. It completely submerged the city and changed it. I saw into city hall – the mayor's office and saw its effect there. Everyone in the city was changed and came under the heavy influence of the Holy Spirit. It totally transformed the city and its people.**

**Some people outside the city were up dry ravines far from the River. I flew in the Spirit to find them. They were air lifted (by me) back to it in the Spirit. The dream ended there but I saw the immensity of what God can do when He pours out His Spirit in fullness. The knowledge of the glory of the Lord will cover the earth some day, as the waters cover the sea. God has spoken this and it will come to pass in much greater measure than what I saw in this dream.**

**We later were part of a dynamic prayer and worship group that met at this City Hall. This was part of the fulfilment of that vision but it will have its greatest fulfilment in days yet to come.**

## **The Lightening of God:**

### **The Authority of God.**

God has surprised me so many times with what He shows me. I can not really remember doing any serious praying about dreams or visions. All I really wanted was to know Him on a deeper level. That is still my desire but He has to break in on us with revelation to take us into His realm, so we can know Him. I appreciate so much all He has shown me. I also appreciate the time you are taking to read what I have experienced in my journey with God. May you be blessed and may what I share encourage you. May hunger increase in your life. May you be enriched in the Presence of God whom you want so much. He is taking you onward and deeper into His realm as well, so that you can know Him in a fuller way.

One night I went into a dream. I was standing on a flat isolated place. Immediately, I heard tremendous explosions. I thought I was seeing a missile attack.. but I then saw lightening strikes. If you have been really close to rapid lightening strikes in a storm, you know it can be unnerving. This is what I felt in this dream. I was on the verge of panic. I could see the energy being released and smell the ozone in the air. It was a pretty intense situation and I was not sure if I was going to be struck dead or what was going to happen.

I was then taken by the Spirit to a Place on this flat area. The overwhelming crack of the lightening was everywhere. I wondered what was happening. He placed me within a step of where one of these lightening bolts was repeatedly hitting. There would have been no way, I would have survived this in the natural. Yet there I was standing within an arms length of where this bolt was striking. It was so intense. The Holy Spirit then opened my eyes to see inside the lightening. In fact I could look up inside of the lightening stroke and see demonic principalities at the top. Every time the lightening stroke discharged, demonic beings were being cast down from their high places down into the ground. This was a result of anointed declarations of God's word demonstrated through sign and wonders. The disciples ministered in this way and prompted Jesus to say on their return from ministry, " I saw Satan being cast down like lightening."

There is such great power in the Word of God, when it is spoken under the anointing of the Holy Spirit. God used this dream to show me the awesome effect of His Word. We need not fear our enemy, for we have been given great authority and power in Jesus. Enough to cause the enemy to be brought down in complete and utter defeat.

Luke 10:17 The seventy-two returned with joy, saying, "Lord, even the demons are subject to us in your name!"

Luke 10:18 And he said to them, "I saw Satan fall like lightning from heaven.

Luke 10:19 Behold, I have given you authority to tread on serpents and scorpions, and

over all the power of the enemy, and nothing shall hurt you.

## **Seeing the Coming Moves of God:**

### **Visions:**

#### **Vision of A mighty wind:**

I was praying one morning in the church in Kingston, Ontario Canada. I entered a vision where I was walking along a seashore. I then heard a mighty wind blowing towards me. I looked and the wind was preceding a huge wave (tsunami) perhaps a hundred feet high. It swept forward covering the land and the cities. This was the last great wave of God's glory and revival or renewal that would sweep over the earth. It will come with great force and will overwhelm the nations. For those who embrace His move of the Holy Spirit; this wave will sweep them into His Kingdom. Those who resist will fall away into deep delusion and deception which will lead to eternal destruction.

#### **Vision of An Avalanche:**

This vision occurred not long after the above vision of the mighty wind.

I entered this vision as I was spending time with the Lord and I saw a mountain. This was the mountain of God and all of a sudden within seconds a huge avalanche descended from the top into the valley below. It represented the anointing of the Lord descending upon the earth in the last seasons of harvest on the earth before He comes. It will change cities. Much like the dam bursting and the river I saw before.

#### **Vision of Ancient Gates:**

During this time many were praying for spiritual break through in the spirit; for people wanted revival to come. They were hungry for a move of God. I was as well standing in prayer for this church. One day, I saw a vision of dark ancient gates being forcefully unlocked and then swinging open. A vast number of people came into God's Kingdom. They were so numerous, it looked like a river pouring into His Kingdom. I pray that it will occur as I saw it.

## **Seeing through the Eyes of God:**

**Seeing what God is doing and saying.**

**The following section includes many dreams and visions. May you be encouraged and drawn close to Jesus our Majestic King because of these reports that I share.**

**We know that throughout the Bible God revealed Himself to His people through dreams and visions. You see this in the Old Testament and the New Testament. But is this for today? Can God's people receive God given dreams and visions today?**

**Listen to what He says in Acts:**

**Act 2:17 "And in the last days it shall be, God declares, that I will pour out my Spirit on all flesh, and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams;**

**Act 2:18 even on my male servants and female servants in those days I will pour out my Spirit, and they shall prophesy.**

**So we have the promise of God's working of the Holy Spirit within Believers. Notice that it was for the last days... not just Peter's day. Dreams and visions will be given by God as He chooses, so position yourself in the place of expectancy. God operates through those who expect Him to do a work. He still rewards those who believe that He is. Seek Him today and receive all you need.**

### **Vision of a Wayward Broken Mother:**

**While ministering to people at the altar one service, two ladies came forward and asked me to pray for their mother whom I have never met to this day. As soon as they asked, I received a vision of this mother. I saw her, I knew her name, her hair style and length, I knew her height, her addictions to cigarettes, her regular habit of drinking alcohol, her broken and wounded heart and the abuse she had received from several men during her life. I shared this information with the two daughters and it amazed them with the precise details the Lord had quickly given me. He knew her better than the daughters knew her. God gave this vision, so I would have faith and to confirm the faith of the daughters. We prayed for this mother, of course.**

### **Prophetic Direction:**

**Prophetic word from Ruth Ann D. a visiting guest speaker**

**This prophetic word so settled in my spirit as it was given to me, that I want to mention it here briefly. It was directional yet His peace, so attended it that I knew God was speaking to me. I did not solicit a word from her. I share it here because I want to tell you that God does give directional prophecy. Anyone with a prophetic ministry;**

including me, hesitates to give directional prophecy to someone in certain areas of personal decision. So many people will approach a prophetic ministry with requests about a future spouse, their next step with God and various other things that they should be seeking God themselves for. This has caused most prophetic people to steer clear of this form of prophetic ministry. I want to reestablish this word today as a witness before Him and others. "The ministry God will conduct through me will touch cities and countries including Europe, Scandinavia, Africa, India." I establish that before God today in the Name of Jesus. Amen.

At the point of doing some of the final editing of this book, our weekly Prophetic Word is going into 61 nations, so we praise God for His faithfulness.

### Visions that Bring Clarity:

#### In 1995 a Vision of Africa.

I was sitting in my office at the church, chatting with Gloria one of our administrative team about several things. There were a few things we wanted to pray about. The moment I closed my eyes, I received this following vision. I saw myself standing in Africa surrounded by a circle of Africans. I was speaking to them and releasing healing into their lives. The vision ended quickly and I committed it to the Lord.

The years went by and it became a simple entry in my journal that I had not paid too much attention for some time.

I saw the fulfilment of this vision literally a little over five years later. To make a long story short, I went to Mozambique, Africa in 2001 for a missions trip. This ministry trip deeply impacted me because I felt such deep compassion flowing out of the heart of Jesus through me. I had planned for a three week stay, but stayed for five weeks. I felt Jesus walking so powerfully with Me among the suffering.

I was asked to go to a central part of the country to help with flood relief and minister to some of the missionaries and churches in the area. The first day out, we went to a gathering of about 2,000 people that had lost their homes from flood waters. They had gathered and made temporary grass covered shelters on a hill. We went there to help them with food, and other necessities. I was asked to preach, as they gathered around us. As I stood there totally surrounded with these desperate Mozambicans, I suddenly realized I was now standing in the vision the Lord gave me five years earlier. A large percentage of these people in that crowd received Jesus into their lives as Lord. A church was established in their village later when flood waters retreated. God is so very good.

## Mission Reports

### June 23, 1997 Vision of a Slain Cobra

This vision came during a time of intercession and prayer. In this vision, I was confronted by a huge cobra. I began to rebuke it and come against it in the authority of Jesus' Name. I then saw a large sword strike it and kill it. After being slain by "The Sword" it released victims it had swallowed. Its stomach was cut open by the sword and people stunned but alive- some like zombies, and others traumatized by fear came running out of the wound to salvation. I was there in the vision preaching to them.

### Dreams sent from Heaven:

#### 1996: Missing Divine Opportunities

This was a difficult year of opposition, travail and transition. This year was glorious in so many ways, as the Lord continued to bring revelation into our lives. LaQueta and I received literal dreams and visions about the Lord's direction to minister in the nations. Little did we know that we would be forced out of the pastorate by those that wanted regular church services. The old guard were members who wanted services that would end by 12:15 pm and an evening service that would be neat and tidy so everyone could be dismissed early. At that point morning services would continue often to 2: 30 in the afternoon, for any that wanted to stay. So many people were desperately hungry for more of God. Many saw visions and were so overwhelmed by the Holy Spirit that they could not get off the floor. His Presence was so tangible in those meetings. Our evening service would often move past mid night because of what the Lord was doing. However, when you have a church form of government where people have constitutional power to vote you in or vote you out, this can end what God is doing. The older generation eventually rejected what God was doing and forced all the pastoral staff to resign. Sad but true. Within a few months they had brought back what was familiar to them namely: three hymns, a chorus or two and the traditions of religion. They missed and rejected their visitation in God.

### June 1997: Dreams about Connections

I share these dreams because God often takes us into dreams that include people He has used in the past or is currently using. In these types of dreams, you may visit with someone you have read about, received ministry from or someone you need to receive ministry from. God uses the dream to impart the gifts or ministry anointing that person carried or carries and releases it to you in the dream. Sometimes there is a specific word that person will speak to you in the dream. You must understand that this actually is released into your life, so you must receive it in faith. Allow God to use you in that area of truth.

Allow me to share a few examples:

A) In one dream I was walking with Norman Jean Mainse . - reminiscing about past ministry. Suddenly she disappeared into the ground and could not be called back. The message of the dream was the past is gone. We had served under the leadership of David and Norma Jean Mainse for two years in Christian Television ministry in Toronto, Ontario.

B) I was sitting in a large auditorium on the front row. Many people were there waiting for Benny Hinn to minister. Benny came to me privately (incognito) and asked if he could have a word with me after. I said "okay." . It was break time between banquet and ministry. I decided to check in and bring luggage into the room. This proved to be a delay filled with failure, frustration, and stalling. I forsook this so I could come back into the service in progress and found so much time had been wasted on non-essentials that the ministry time was already happening. The message of the dream was don't get distracted.

### June 22, 1997 Dream of a Banquet

I received this dream. I was at a banquet that had an abundance of delightful foods in preparation and provision for ministry. Some of the food was being touched, picked up and set down again by a "carnal" man not able to decide. I rebuked him in the dream. I then departed for ministry. There were lots of people but many were involved or caught up in a show time mentality or atmosphere. Their focus was on performance only and not on genuine ministry. I was waiting for my time to bring the anointing into the meeting and release it. (There was a lot of hub bub in the atmosphere previously.. so I knew I needed to lead people past that)

### Aug 27, 1997. Dream of the Dynamite Gifts

In this dream I found myself walking through a wooded area on a well travelled path. Several people went pass me going in the opposite direction. Some were construction men. I had the sense they were part of what God was building. I came to an intersection where there was a large stockpile of dynamite. I helped myself to 3 sticks.

**These represented a three fold anointing to use (dunamis) but there is much more to get from the stockpile; which is limitless. This dream assured me that God has all the power we need to do the work of building His Kingdom.**

### **Sept 1998 Dream of God's Women**

**In this dream, I saw a large company of women going forward into God's Kingdom anointed by God to minister to many. However, I also saw many more men who were bound up in small confined rooms without doors. What bound them up was lust, fear, rejection, confusion, pornography. They were half men not whole. The interesting thing was that the prisons they were confined in had no real doors on the rooms. They in reality were not confined by any natural barrier but were confined by the bondage of their oppressions.**

## **Visions and Intercession:**

### **Partners with God.**

#### Oct 1999

I received a vision and I was walking along a crowded market place with Indian people all around. I see a crippled lady along the side. I am drawn to her and pray for her and she is immediately healed. Others press around me in the crowd. The sick, demon possessed are healed and set free. It involved long hours of ministry.

#### Oct 1999

I also had a vision of an Angel dressed in clothing from India. This Angel came to me four times over the space of several days. I had recently read a captivating story of a ministry called Shared Hope International in the city of Bombay now called Mumbai. The ministry was reaching out to the thousands of women and girls enslaved in prostitution. This ministry was establishing a safe home and property for those that they were able to buy out of this form of slavery. This Angel would come to me when I was praying and He would wait for prayer assignments. He wore an ebony breastplate with a gold cross on it, a white turban with a jewel, a jacket with flowing sleeves and white harem style pants. He also wore a red sash with a scimitar sword. As I prayed blessings of provision over Shared Hope International, He would bow to receive these provisions and then take them to India. It was intriguing to work along with this Angel through prayer and be able to see at least part of His activity in carrying out God's purposes. As I mentioned above, this Angel appeared to me in the visual realm four times. However, I feel from a scriptural perspective the Angels of God always attend to His Word and obey His instructions. We therefore can partner with the unseen ministry of Angels on any occasion.

Psalms 103:20 Bless the LORD, O you his angels, you mighty ones who do his word, obeying the voice of his word!

#### Nov 99...Vision

I was sitting on the ground by Lester Sumerall in a vision. This Man of God ministered in the Philippines for several years. My heart was always touched when I heard him minister. In the dream, he was talking but I could not understand Him, so from the back I embraced him and put my hands under his hands resting on his knees. He blessed me. He then told me to come around front. I knelt before him and laid My head on his knees. He placed his hands on my mid back and as he prayed, I could feel deep inner jolts and shaking. Lester Sumerall served the Lord for many years in the Philippines and did a great work for the Lord there. He has gone to be with the Lord.

#### Jan 20/ 2000 Angelic Encounters

These encounters occurred while I attended the TACF Pastor's Conference in Toronto Ontario, Canada. In Comfort Inn room # 436, I awakened during the night and felt

hands being laid on my back lovingly and prayerfully to bless me. At first, I thought .. how nice.. my room mate is praying for me... and then I realized he was not in the room and it was ministering Angels praying over me and blessing me. I could hear their voices and feel their hands on me. There were two of them. I could only feel their hands and hear their voices.

At this conference I also felt an Angel ministering to me during worship. I felt a physical hand holding my arm and then my back as I was worshipping. I thought it was a friend nearby.. but looked and no one was there except the unseen Angel. This hand stayed on me for at least ten minutes. I could feel the fingers of this Angel's hand as He stood with me in worship and supported my arm.

### May 2000. Dream of Flying

Let me give you a scriptural text for this experience. Ezekiel experienced this many times. It is sometimes described as being “taken up” in the Spirit. Sometimes it is described as “the hand of the Lord came upon me and He took me to a place.”

Read Ezekiel 40: 1, 2

I often get asked about this by people, through our dream interpretation ministry. Born Again Believers that experience flying or being taken up by the Spirit of God to observe something God wants them to see is more common than you might think. Often the purpose is to give them information, so they can pray and intercede with effectiveness.

**Back to my dream:**

In this dream, I was flying around inside a warehouse type building. One younger guy could see me. A second bigger guy could not see me. I asked the first guy, if he wanted to fly with me. I showed him how and then flew away with him. I was holding him and instructing him how to manoeuvre as we flew over green trees and hills to a mountain that was remote and secret.

2<sup>nd</sup> part.. Then the scene changed and I was teaching others how to fly. I had the ability to know which ones would be able to do it. My instructions were: Don't hesitate.. Just jump off the ground and you will be air borne. Some were timid and lacked confidence. I demonstrated with a man and woman and flew over the green hills to a mountain in a hidden place and landed near Jesus. He was sitting by a polished beautiful wood finished cross. The cross had a sort of hand carved head piece and was crown like on the top. My focus was directed to Jesus who was thoughtfully contemplating the carved notches (fleshy carved) that represented millions of people within each carved segment notch. These notches were cut in with an overlaid pattern and were continuous. The observation and knowledge was that Jesus was joyful, triumphant that the numbers of people either had been completed or were very close to completion. I could feel these emotions within Jesus plus a resolve and knowledge that the work of recording was either finished or nearly finished. When finished, these notches would be sealed, stained and given a finished coat to match and blend in with

the finished coat of the surface of the wooden cross.

It was my feeling that I had a part in bringing some of the last details to completion so this work could be completed.

Notes: In this flying dream, I knew the Lord was releasing me into a higher level of training and mentoring of others and that this was a very pleasant, stress free ministry. This flying was spiritually fulfilling as well and represented ascending into His Presence or being escorted by the Spirit on specific prayer journeys while in the Spirit. I also realized that some were chosen or destined for this higher level. Others could not get off the ground due to fear, doubt.

### Sept 2000 Dream of Instructions

In this dream, I was visiting Kathryn Kulmann. She had died several years previously in 1976. We visited several back stage areas of where she ministered. She was with Maggie, her associate.. I saw them approaching me, as they left a building with a few people following her. I felt a need to protect her from being bothered unnecessarily by people, so went to help. She told me the others were with her and noted my helpfulness. She then took me to re visit and reminisce at different places. We walked in the back entrances of the church in Pittsburgh, the Shrine Auditorium in Los Angeles, and then some Hotels where she had ministered in Full Gospel Business Men meetings.

I entered one meeting and I saw her go on the platform after Jimmy McDonald sang. Here are the main scenes of the dream in point form:

- Lights slowly dimmed and then Kathryn Khulman entered.
- Boy- with crutches healed.
- Woman with death like symptoms healed.
- I noticed that Kathryn Kulmann emphasized the love of Jesus for these people.
- I saw her putting her spiritual priestly garments on before a service through prayer.
- Note: this seemed like a long dream and was very encouraging-

There often were no words spoken between us.. more like thoughts to communicate during the dream.

- She seemed satisfied as she stood peacefully looking these locations over.. and seemed to be recalling the many wonderful things God had done. Yet there was some reflection of sadness ; she said "Lord, I tried." and He was pleased.
- She noticed details: a small rip in a security fence was pointed out to me, the positioning of an escort vehicle, going before a service to pray.

March 2005

### Vision of The King's Treasury.

As I was praying one evening, the Lord gave me a vision. It was a

revelatory download to me. Jesus in John 14:26 tells us that the Holy Spirit will teach us all things. He does this primarily through the written word but also through revelatory encounters with Himself. Let me say that whatever is spiritually downloaded from the Lord will always be confirmed by the scriptures and never usurp itself above them. In Acts 2:17 Peter the apostle says in the last days God will pour out His spirit and that people will experience dreams, visions and the release of the prophetic.

On this evening I was sitting in a chair in our living room with my Bible on my lap. As I was communing with the Lord, suddenly my spirit entered a very beautiful building. It had a large covered entry way. It had beautiful marble floors with embossed designs in it. Lots of plants grew there. Some were in containers and others grew in gardens bordering the walls. Before me were three openings or portals. The frames of these three portals were ornately carved and overlaid with something like ivory an pure white in colour. The three openings greeted me as I arrived in the entry area. There were also beautiful furnishings there. Lovely chairs, sofas and wall hangings. I only saw one Being there and He was angelic in appearance. He was sitting in a chair on the left. We didn't communicate at all but his smile was very welcoming. The atmosphere was vibrant and saturated with God's presence. This place brought immediate refreshing. Radiant Glory flowed through this environment and existed in every created thing whether living or in substance form. The floor contained this presence. The columns, the flowers, the artwork, absolutely everything there responded to and contained a measure of this glory.

I knew that the three openings directly in front of me were very important. I call these openings or portals rather than doors because they didn't have a door on hinges or a handle. They were open entrances with arched Gothic style framing. I could easily see into the realm beyond. I have attempted to portray this scene on the front cover of this The King's Treasury E book although that graphic work is not in detail.

The amazing thing about these portals is that each of them has an intelligent security barrier of energy across the actual opening. Energy like electrical discharges was arcing across the openings.

At this point in the vision the Holy Spirit was communicating with me . His voice was very clear and I could hear Him inside of me instructing me. He told me that these three portals were the entrance into The King's Treasury. He assured me that I could go through these portals and retrieve whatever I needed. Through these portals I could see

chests overflowing with precious gems, gold, and silver. Let me explain about these specific treasures before going on.

Gold represents purity and the holiness of the Lord. Solomon was instructed to cover many of the articles of the temple with gold. The interior walls, beams, doors and decorations were overlaid with pure gold. See 11 Chronicles 3:1. Many of the temple items were made of gold. Gold also represents Kingly anointing and presence.

In some meetings today in various places God is manifesting a gold like substance. It appears at times on people like gold dust or is released as gold fillings for those needing dental restoration. I have personally witnessed this supernatural manifestation of His presence while attending meetings.

Silver represents redemption in the symbolism of the scriptures. It was silver coins that purchased Jesus into the Hands of those who would crucify Him. His ultimate death and resurrection purchased our redemption. Under the Old Covenant the first born son of a Hebrew would be redeemed by the purchase price of five silver shekels presented to the priest in the temple. See Leviticus 27:11 and Numbers 18:15 as references to this redemption truth.

Precious gems and jewels represent all the precious promises of His word. John the Revelator saw in His heavenly vision the city of God. Its foundations, its walls and its gates were made of these precious gems.

Other treasures that I saw there in The King's Treasury were meant to equip. Others would transform one's character into His Image. They would also be imparted to those who came into this wonderful place so full of His life. The spiritual gifts and attributes of the Holy Spirit are so abundant that there is no end to them. They are eternal in their abundance. There is a profuse extravagance there that is vast and inexhaustible. His anointing and all the provisions of the Kingdom and for the Kingdom are there. The treasures of this place are set aside and reserved for the people of God on the earth, so they can fulfil their destiny. There is so much there that it staggers the imagination.

As I gazed into this realm, the Holy Spirit drew my attention to inscriptions above each of these three portals. Over each portal is written words that define them. The first portal on my left in the vision was called My Word, the second was My Name and the third had inscribed over it My Power.

Let me explain something fascinating here. This came to me as I stood before these portals in the vision. When I open the scriptures on earth in the spiritual realms of God I am actually standing before this portal called My Word. I can gaze into this treasury and I can also enter it. I can also receive what I need there and bring it back to earth realm.

This is equally true when you invoke the Name of Jesus Christ in prayer. In the spirit realm of God you are standing before this portal called My Name. You can enter through His Name for the things requested so they can be transferred to earth realm.

The same applies to the portal called My Power that I saw there. It will usher you into the realm of where all things are possible. I will explain this one more later on. I need to continue with the vision.

The Holy Spirit could read my thoughts even before I completed them and was responding to them with the answers. As I came close to the center door, I was unsure if it was safe because of the energy field arcing up and down the opening. I thought that I would be fried to charcoal dust that's how powerful this energy field was. The Holy Spirit said "these portals are guarded by My Glory so that the enemy cannot steal away The King's Treasures. This Glory also prevents the impurity of man from entering." In the vision I felt such deep and wonderful peace up to this point but began to feel a holy dread arising in me as I stood there before this manifestation of His Glory.

The Holy Spirit however, spoke to me. When He did peace immediately came over me. He then said "All who have faith can enter through these portals into the King's Treasury." Again His words ministered to me. He said " put your hand into the opening and you will see." Immediately the energy shield gave way for me to pass through.

### March 2005.

Vision of Healing Room in Heaven. In this place, it looked like I had entered into a large storehouse. There were lots of bins full of human body parts. There was lots of activity going on in this place. Angels with some sort of device in their hands were "filling orders" to be delivered. It was really like a shipping area where goods were being shipped out on demand. I went there.. and saw the Angels administering the delivery of these body parts.. so that people could be healed. I could pick up the body parts and they had weight, but were made of light. I could see right through them. These body parts were genetically perfect and had an "auto" matching ability that would always make them compatible with the person receiving it. These parts never had the

risk of organ rejection that can occur with human donated organs on earth. They would be transferred into the body of a person in response to faith. They would either recreate a missing body part or render a diseased part back to full restoration.

#### April 2005

##### Encounter with Jesus:

One night I had a dream. I saw Jesus off in the distance but moving rapidly toward me. He was clothed with radiant light and glory. In seconds the gap between us narrowed. As He approached, He was increasingly becoming brighter to the point that He appeared like lightening. At last, all I could see was the outline of His Presence in the background of this tremendous release of pure white, radiant light that streamed from Him. I could feel this light going right through me.

When He came very close to me, He suddenly disappeared but then spoke to me. “ I Am still with you. I have merely passed out of your visual spectrum but I have come to speak with you.” He further explained, “What you just observed is what happened in the upper room after My resurrection. The disciples suddenly saw Me standing in their midst because I stepped into their visual spectrum. I talked to them and ate with them. Then I stepped out of their visual spectrum. They felt I left but I never leave. I only step in or out of the human visual spectrum so that visually people can encounter Me.” He reminded me of how the visit ended with the two disciples on the road to Emmaus and in the meeting with Mary Magdalene in the garden. He also applied this same spiritual explanation to when He disappeared from the sight of the disciples as He ascended.

He then went on to speak to me about the transference of spiritual provision. He said that all provisions exist in Heaven and appear there in a light like form. When someone on earth has faith for that provision their faith draws the provision into the natural earth dimension where it takes on substance.

Read Hebrews 11:1. The substance that is spoken of here is actually in the Heavenly realms right this moment. That substance is awaiting for someone's faith to connect with it and release it into the earth realm. What do you long for most? More of Him, more of His stuff or both? If your faith is confident enough that you can see it, then ask for it. Amen.

In this dream both visual and auditory dimensions were operating. It is my opinion that every prophetic person will encounter both of these distinctive realms as the Holy Spirit releases His prophetic power.

#### July 2005.. Vision of Exuberant Worship.

This vision occurred in Pemba, Mozambique during one of the Mission Schools there.

The worship was very intense and jubilant. My eyes were opened to a vision and I saw Jesus dancing & celebrating in the Presence of the Father along with us in the meeting. He was dressed in loose fitting trousers that allowed Him to exuberantly dance before the Father. He was participating with us and among us in a spirit of joy and delight. He was very, very skilled, rhythmic and able to do aerobatic types of jumps that were splendid.

See Zephaniah:

**Zep 3:17** The LORD your God is in your midst, a mighty one who will save; he will rejoice over you with gladness; he will quiet you by his love; he will exult over you with loud singing.

**Zep 3:18** I will gather those of you who mourn for the festival, so that you will no longer suffer reproach.

**Zep 3:19** Behold, at that time I will deal with all your oppressors. And I will save the lame and gather the outcast, and I will change their shame into praise and renown in all the earth.

The expression.. “he will exult over you” in the Hebrew means to wildly twirl around in a dancing motion over you.” Totally awesome that Jesus is so radical and abandoned in His joy over us. Help us Lord to see that and live in that kind of relationship with You. Amen.

I had many visions while at Pemba.. during the Holy Given Schools

#### Vision of Jesus in the office of Prophet.

This occurred during a time of worship that had made a transition into prophetic singing and proclamation. There was both corporate prophetic ministry happening through singing as lead by the Holy Spirit and then as individuals would prophesy.

I was laying on a bench worshipping. At one point, I looked towards the platform and I saw Jesus standing there. He was very regal in appearance but manifested both intensity and humility. He stood and was very attentive. He was very focused and involved with the whole atmosphere in the meeting. Around Him I saw small spheres of energy orbiting randomly around Him. When anyone or the corporate body released a specific prophetic word one of these energy packets or spheres would suddenly accelerate and take a trajectory towards the place where the prophecy was being activated. These spheres could have been Angels or physical manifestations of His spoken commands. I am not sure. However, they distinctly had purpose and provision as they left the Presence of Jesus. At that point in the vision, it was almost like I was able to see the earth from beyond. When these spheres left Jesus I could see part of their path of trajectory and it reminded me of meteors going through the atmosphere. I saw visually that this sphere activity was in response to the prophetic ministry happening in the meeting. Jesus of course, was directing and responding to what the Holy Spirit was doing with the people. It was instant and definitive. Provisions were being established and released in this very creative prophetic environment.

### **Vision of Jesus in the Office of Intercessor:**

While at the Missions school in Pemba, Africa I received this vision. The first several mission schools that Heidi and Rolland Baker hosted there were held under a large tent on the mission property. It always was hot there, so the tent sides were raised up for ventilation. We had so many awesome meetings and sessions there because the Holy Spirit moved in such deep and profound ways. This occurred again in a spiritual atmosphere after worship had made a transition into deep intercession, prayer and searching after God. Many of the students were lying on the ground with many gathered around the front praying and seeking God. I was sitting in the dirt on a reed mat along with others. The transition into prayer and intercession was spontaneous and lead by the Holy Spirit. At some point I looked towards the platform and there was Jesus. He stood like a mountain rising up through a layer of clouds. He had a prayer shawl on as He interceded along with the students who were praying. There were white misty clouds covering the people as he prayed over them.

### **Vision of a Heavenly Portal or Open Heaven.**

During worship several things were happening spiritually. There was an intensity in the worship as it took on the form of spiritual warfare. There were conflicts with the enemy occurring in the spirit realm. The music would shift into aggressive forms of intercession, declarations and then subside into themes of victory. There was an ebb and flow to what was happening. There were several people around the platform that were praying. Some had their hands on the backs of the worship team to pray for them. as they followed the lead of the Holy Spirit. We knew from reliable reports from Believers in the surrounding village that witch craft and witch doctors had been sending curses against the ministry at the school. So this was part of the intensity going on in this meeting. I had followed a spontaneous prompt from the Holy Spirit along with several others to go in behind the worship team and place our hands on them as they continued to lead in worship warfare. It was then I saw a slow moving cloud similar to the inner wall or eye of a hurricane slowly revolving around the perimeter of the people involved in intense worship. This cloud was doing two things. It was destroying the curses of the enemy and it was establishing God's Presence in the midst of our praises. Over this circle there was an opening or portal into Heaven. God accomplished much in that meeting.

### **2008 Vision:**

**I saw the face of Jesus.**

I awakened in my sleep and entered a vision immediately. I was completely unprepared for this. It was not premeditated and was another of His many wonderful surprises He has shared with me.

His eyes were radiant, filled with fire, love, compassion, kindness and invitation. He was smiling and I felt His love for me. I awakened from deep sleep and saw this close

up encounter with Him. His Presence is so majestic, regal, profound and captivating. His hair was dark almost black. It glistened with tiny droplets of light. His facial skin had a deep luminance quality. His eyes were what captivated my attention. Oh what amazing love, purity and peace flows from them. I have often revisited this vision and looked upon Him with deep longing, appreciation and assurance of His abiding Presence. He is soon to lift all the barriers off our eyes so we can see Him as He is. Amen, let it be so Lord Jesus.

### April 2008.

I was taken into a vision. In the spirit, I was taken into the heavenly realms and stepped into a craftsman's workshop. Jesus was there. He was dressed in casual white linen clothes with a leather carpenter's apron. His whole countenance was filled with peace, joy and a sense of fulfilment. His eyes were like pools of love filled with caring and purity. He radiated trust, wisdom, knowledge and creative power. It was an immaculate dust free work shop. Beautiful carvings and furniture were there, all ornately carved and hand tooled. When I entered, He greeted me with great kindness, love and hospitality. When I entered a few steps, I noticed He was working on something. I asked what are you working on? He replied, "I'm working on character." At that moment, His smile simply lifted me up to a place of confidence. I knew that in His hands I was being fashioned into His image. He had completely, surprised Me with His words but His countenance lifted Me towards His likeness. He stepped towards me with a beautifully hand carved container with a lid on it. He said, "Look and see," as He held up this vessel in His arms towards me. I looked in awe at it and then took off the lid. When I looked into it; intense, pure, glorious radiant light burst out of it. Streams of light.....beams that I could feel passing through me. This light was very intense and like lightening in brilliance. Immediately, I had a deep hunger for this light to invade me and fill me with His radiance. He was showing me how His Glory could dwell within us as vessels of honor and Godly character.

### 2008 Florida Outpouring in Lakeland, Florida.

We spent close to nine weeks there helping behind the scenes in various ways. Sometimes with the prayer teams, the testimony lines, the hospitality of platform guests and for a while providing pastoral care to interns of Fresh Fire Ministries. It was so difficult for everyone involved there on the ministry team, especially when the leader Todd Bentley left his wife to enter a relationship with another woman. It broke the hearts of so many and the heart of God. However, there were genuine works that God was doing in those prolonged meetings. None of which justify sinful actions of a leader, of course. God did demonstrate His greatness in so many ways to those in need.

During several meetings while in the Sports Center in Lakeland Florida, I often saw in visions a very large Angel This Angel provided a covering and stood as high as the ceiling of the center.

### During 2009 and 2010

I have had many encounters with God's Presence due to spending time with Him. Prophetic words come easily. Thankfully, I can release a new prophetic word for those that have asked to receive this on a weekly basis. Also dream interpretation comes easily as the Holy Spirit gives insight into what He is revealing to people. This continues to be a real honor in ministry.

Often, I feel His anointing coming over me and covering me. This renews me. His anointing releases energy and sometimes includes an inner or external trembling in the physical.

### June 2009

In June 2009 I entered into a vision. I looked up into the heavenly realms and saw the Angels of His Presence swirling and flying in and out of the tangible Presence of God. God was manifested to me as a shining, brilliant, radiant cloud. This glorious cloud was tangible and thick. I could not see into this cloud and I could not see any form within this cloud. Each time the Angels passed through His Presence.. they discovered something new about God and they would praise Him. The Holy Spirit asked me.. “do you see what those Angels are doing?”.. I said “yes”. He said, “The Angels of the Presence have been doing that since the day they were created and they are still discovering new things about Us. They will continue that through all eternity and never end discovering something new about Us.”

God is eternal. His immenseness is eternal. I wept when I saw and heard what the Holy Spirit revealed and said to me that day. I long to know God, to be immersed into Him and to press myself against His heart. You have that hunger also. It is in your spiritual DNA. You are destined for that kind of knowledge and relationship. Pursue Him with all your heart. He is your Reward.

I often can see Angels and other manifestations in meetings.. while in worship. Some is for personal information while some of this is for edifying the Believers, if I have the opportunity to share this.

Dec 21, 2009

Vision of the Lord Jesus dressed as a chef. He was dressed in immaculate radiant white linen shirt and dress pants. These were embroidered with gold threads and top stitching with gold piping. He had an immaculate black apron with a raised wine red royal crest on the front. He bowed as a gesture to welcome me or us to the feast He had prepared. The table was ready. The food was served on silver trays and beautiful silver plates with gold etching and gold cutlery. The beverage goblets were crystal goblets with gold engraving and designs. It was a banquet that only He as King would serve. There was such pleasure in His countenance. He invited us to feast upon what He had prepared as we celebrate all He accomplished this Christmas season. He gave me Isaiah 25: 6-8.

Jan 26, 2010

Dream: I was walking along a very remote, forsaken beach and along a seashore. It appeared very isolated and rustic setting with no one else around. I came to an old building and the back of which looked like an abandoned building. I stood looking at it all for a while and then out of curiosity I went up onto one of the shipping areas. This area was almost like loading docks with lots of old boxes, machines, equipment and other stuff with most of it covered with dust.

I notice an electronic piece of equipment or computer with indicator lights still on. I had to climb over crates to reach it because in the dream I was curious to see what it was and to perhaps switch it off. Then I noticed almost good coveralls /tools/ tool boxes and other stuff in the back side of what was now used as a closet. I was standing there and then a lady opened the door. She did not seem to notice me because I was in the back behind the hanging coveralls. Rather than scare her, I softly said "I am here." She said... "oh..okay... just a minute." She went to tell a man.. "That I was here". He said.. "Oh, good." He then instructed me to come around to meet him. When I did go around, suddenly everything was new. Floors of black shiny tile and other well kept areas. This represented transition, I felt from the old into the new. He said, "follow me. We have a place for you where you can get to work on aisle # 11."

The number 11 represents not yet perfect, not yet established in government and or prophetic ministry. So this symbolized that the Lord was establishing me in a place where He would use me to bring about perfection, that He would use me to further establish His governmental rule as part of His Kingdom in the earth and that prophetic ministry through me would help in this process.

When the host was leading me towards my assignment on aisle # 11 we passed through a large kitchen. It was a really large kitchen and food preparation place to serve very large crowds of people. Two Chefs had a slab of meat the size of a sofa on a grill turning it over the fire. There was lots of abundance available as I took up my place to minister, prepare and serve spiritual food to very large crowds.. This place was a large capacity place to prepare and serve. From no lack of provision we could serve in His Kingdom. Amen. As I followed the host, I heard in my spirit...we won't have to be fed by the ravens any longer. Amen.

#### April 17, 2011

I had a dream in the early hours Sunday. In the dream, I was led supernaturally to a seashore beach. The coast line had beautiful waters and white sands similar to many that we have walked in the natural. I felt the Presence of the Lord with me and I knew this adventure with Him had distinct purpose. I was given a word of knowledge from Him and this knowledge lead me precisely to an exact place on the unmarked sand. I used to have a metal detector and enjoyed searching for lost items of value. This reminded me so much of what I was doing in the dream. However, this word of knowledge gave me the ability to pinpoint a precise place. I bent down and saw just part of two coins protruding from the sand. I brushed the sand away and picked them up. When I did there were additional coins below. The more coins I removed, the more I discovered as I dug deeper with my hands. I then begin to retrieve watches. Many were high end expensive watches in mint condition, running and synchronized perfectly. I began to pull them out of this treasure pit by the hand fulls. The Lord then spoke to me and said,

“I Am retrieving the seasons, the destinies and the resources that were stolen away and buried. I will bring these resources and lost opportunities back to My people. The visions will be fulfilled, the dreams will come forth and suddenly I will complete the unfinished callings that rest upon My Sons and Daughters for I will align them with My Spirit. You will see this and be amazed at My work.”

#### December 6, 2011

I awakened during the night and knew there were Angels ministering to me. I felt one of them lay their hand on me. I could hear them walking in the room. I could see them with My spirit but not my natural eyes. I received their company and acknowledged them and then drifted back into deep sleep again.

There is so much more I could share with you about knowing His tangible Presence. I have felt His tangible Presence so many times in corporate meetings. I regularly feel His power and anointing touching my body in a physical way. I have numerous times seen Angels. The Holy Spirit has enabled me to look into His realm almost at will. We were created to be creatures of both realms namely: that of earth and that of Heaven. I press forward into His realm so I can know Him, be filled with Him and gain the knowledge of Him. My heart goes out to those who are living below God's deepest desire and plan for them. May what I have shared ignite a longing that will propel you into His embrace.

**Being an Ambassador:****Encounter with God on the Platform during a worship service.**

I was scheduled to preach one Sunday evening. I had prayed and prepared to preach on How to Receive the Anointing. During worship the intensity of the Lord came over me. I was standing on the platform and knew if I did not sit down I would soon fall down. So I sat on the edge of my chair with my hands still up in worship mode, feeling that would provide some reprieve from the weighty Presence of the Lord.

I was only in this position for less than a minute when another wave of greater Kabod came upon me. This did not diminish. I soon knew, I would fall forward on to the carpet, so I slipped sideways and knelt at the chair feeling that would surely bring reprieve. However, kneeling brought an even heavier manifestation of God's Presence on me. I was so overwhelmed that I felt myself, almost like in slow motion falling to the floor onto my back with my hands up in worship. Immediately, power surged through me. It felt like electrical energy constantly flowing all over my body. It was both internal and external. I could feel this power all over me and going through me inside. My arms were up and in my hands I could feel someone's hands in mine. I could squeeze these hands gently and there was substance there although they were invisible hands. My spiritual senses became intensely activated. With my eyes closed, I knew where every one was sitting in the congregation of about 750 people. I could tell what the needs of people were. The word of knowledge and discernment were greatly elevated. The song service continued, as I lay there for around 45 minutes. I never did preach that night for most people felt the Presence of the Holy Spirit and came forward to the front praying and seeking the Lord. I want that again Lord. Thank God we will dwell in His Presence for eternity.

**An ANGELIC VISITATION:**

November 2009 Dream.

I wanted to share this personal testimony and experience with you to verify the ministry of angels among us. The Lord has released me to share this Angelic Visitation with you because these Angels are being released strategically into the \*Body of Christ. They will work to bring about the transformation necessary within the \*Body of Christ in preparation for \*His Coming. I personally give God glory and our ministry gives the glory to God, for it all belongs to Him. May you be encouraged and drawn close to the Father, Jesus the Son and the wonderful Holy Spirit. Do not be distracted by Angels but keep positioned before God. Seek after God and ask Him to bring you

into revelation, so that you can know Him and deepen your relationship with Him. I pray that this testimony will motivate you to make Him your passion and pursuit. ( Words with the \* have explanations at the end of this section.)

During the night of Sunday November 8th or early morning of November 9th, 2009 I had the following Angelic Visitation.

I went to bed early on Sunday evening around 9:30 pm not because of being tired but because I wanted to spend some more time with the Lord. After some time of worship, I drifted off to sleep. At some time in the night I entered into a dream and found myself entering into a Heavenly realm.

This realm was a very beautiful setting. I had flown to this place in the Holy Spirit and I descended to a standing position in a very peaceful meadow like scene. There were lots of trees and plants growing in this place. Within a few feet of where I had come to stand, I noticed a small Angel sitting on the ground tending to one of the plants. This angel was around 1 foot in height but in appearance was fully developed and mature. It was not an infant but very joyful and childlike. There were many of these angels in this place and they were constantly frolicking with each other. They were filled with joy and loved playing non competitive games with each other in hilarious joy filled pleasure. In the midst of their exuberant joy they also tended to the plants and other growing things in this place.

These gardening angels recognized my arrival and presence there and warmly welcomed me into their realm. I was then introduced to a company of angels. There were seven angels in total and they eagerly met me as they gathered around me. They began to introduce themselves to me. They all appeared in human like form. They all were dressed in simple ordinary human styles of clothing. There was an accelerated method of communication there that operated on a spirit to spirit level. It could include spoken words but was not limited to that. This form of communication occurs on a much higher level than anything known in our earthly realms.

The first angel that engaged me was called the Angel of Revelation. This angel was positioned to my left side. When I looked into this angel's eyes, she immediately began to communicate with me. This angel was female in appearance with an ordinary white dress with a few red accessories. She had blond hair casually styled and the most incredible blue eyes I have ever seen. As I looked into her eyes she introduced herself to me. She told me she was called the Angel of Revelation. She then showed me her angelic form. Her human form suddenly was changed into a radiant, brilliant, shining form that radiated a deep blue light. She then came back into her human form and continued to dialogue with me. I noticed her unique eyes. Her blue eyes radiated light towards me but I noticed that her pupils were willow leaf shaped and almost cat like. She responded to that thought. She explained that her eyes were created so they could see in dark places or dark atmospheres, enabling her to impart revelation there. Her ministry is to bring revelation to the people of earth both \*saved and \*unsaved and

bring them into revelation and lead them out of darkness. This Angel of Revelation has been released to you.

The second angel to introduce herself was on my right and was called the Angel of Promise. She again was in human form plainly dressed in a light beige dress and was tanned or olive skinned in complexion. She had shoulder length light brown hair. As I looked into her eyes rainbow colours began to radiate out from her eyes. She then took on her angelic form and instantly became a brilliant circle of light that included all the colours of the rainbow. There were other forms of energy flowing also from her which perhaps were colours beyond my visual spectrum. She returned to her human form.

At this point a thought of doubt came to my mind. I questioned if this whole dream was real. She immediately reacted with a look of complete shock on her face. I immediately asked the Lord to forgive me and then rejected this thought. As this happened, all the scene was fading until I repented for this sinful thought. I had to press back into this scene again to then reengage this angel. She then told me that all angels are very sensitive to evil thoughts that humans have. Any thought that opposes God and His word is evil and if left unattended, will cause humans to lose our heavenly perspective. She then went on to explain that she was assigned strategically in the earth to cause the promises of God to come forth. She was not the promise but she brought the provision of God's promises to those who would believe.

The third angel was in male human form and also dressed in very ordinary man's clothing. Working clothes that would not be noticed. He had a soft light brown shirt on with similar jeans on. He was called the Angel of Power. He had great power and great humility. His presence radiated those attributes. He however, did not reveal his radiant form to me. He said "I have come to do all things possible with God for those that believe."

The fourth angel to reveal itself to me was standing behind me. I did not turn to look at this angel for some reason but could feel its presence strongly behind me. This angel was called the Angel of Manifestation. This angel had come to stand behind me to

"back me up" This angel would always release confirmation to the Word of God when it was spoken in faith according to \*Mark 16: 17 -20.

There were two more angels sitting before me that did not reveal their purpose to me. I began to engage the Angel of Revelation again and had to listen carefully to the words and revelation coming from her to me. I had to ask her for wisdom and understanding because although I could hear what she was saying, I could understand very little of what she said. In the dream, I remember understanding some parts but the words carried deep profound truth.

At one point, I heard her say something about "the anthems of God." Immediately, I could hear within a short distance another angel singing a most beautiful song of praise. This angel in the distance was not using words but was singing pure musical tones. This angel had a beautiful rich voice that could sing or duplicate musical sounds. There were no words or syllables but it was a pure form of musical praise and worship. When the Angel of Revelation said the words "anthems of God." I said " I hear that now." Out of my spirit I began to respond and call out to this angel. I found myself in the dream actually entering into this musical form of praise. I lifted my voice without words or syllables and began to duplicate the same tones that this angel was offering to God. These musical sounds flowed out of my inner spirit and I could actually hear it and see it ascending up to the Father. When I began to release this form of music it drew this angel to our group. The other angels with me began to introduce this angel to me. This angel was called the Angel of the Glory. This angel as far as I could tell was neither male or female. This angel was completely gold in appearance. This creatures hair, skin, eyes, hands and clothing were a beautiful, brilliant gold. It was not a metallic gold but a living gold. It was not covered in gold spray or tint. It was made of a living substance that was gold in appearance. There was a golden mist or cloud or atmosphere around this Angel of the Glory. This angel has been strategically released into the earth as well. When the people of God begin to ascend through worship or praise into the Presence of God through the high praises then the Angel of The Glory begins to manifest its presence over the people. The golden atmosphere is released and manifests among the people and upon the servants of God.

At this point the dream began to fade. I struggled within my spirit to keep engaged with the angels and this atmosphere. I did not have the opportunity to engage the remaining two angels but knew they as well were ministering angels being released into the earth.

As the dream faded. I felt myself being extracted out of the heavenly realms and then I woke up.

**Observations:** I believe there is something significant about the clothing that these angels appeared in. They all with the exception of the Angel of the Glory appeared in very ordinary human clothing. This means they are identifying with us in our human journey. It also demonstrates their humility and willingness to serve along with us in these days. Those that did give me a short glimpse of their glorious angelic forms did so for confirmation and encouragement. Notice that the Angel of Power did not do this because the glory of that power can quickly distract humans. The Angel of Power was also clothed in brown tones which equate to humility. Notice, as well in this dream there were seven angels that assembled with me. Seven speaks of God's perfection, so through these types of angels working with us He will perfect His work in the earth. I was only allowed to dialogue or engage with five of them however. The number five often symbolically represents grace or can refer to the \*five fold ministry gifts that Christ has placed into the church. This angelic ministry will therefore honour those ministry gifts and make great effort to engage the people in those offices with the heavenly realms. The number five symbolically means I (we) must trust in His grace to see and operate in Heavenly realm authority.

**Additional references on the Seven Angelic Spirits of God:**

I want to be quick to say 'that I do not know if these seven Angels that I encountered in this dream were the Seven Angels referred to in the following scriptures or were simply a seven fold company of Angels.'

I only know that it was a profound experience and I thank the Lord Jesus for sharing this with me. Amen.

Rev 3:1 "And to the angel of the church in Sardis write: 'The words of him who has the seven spirits of God and the seven stars. "'I know your works. You have the reputation of being alive, but you are dead.

Rev 4:5 From the throne came flashes of lightning, and rumblings and peals of thunder, and before the throne were burning seven torches of fire, which are the seven spirits of God,

Rev 5:6 And between the throne and the four living creatures and among the elders I saw a Lamb standing, as though it had been slain, with seven horns and with seven eyes, which are the seven spirits of God sent out into all the earth

**Prophetic Word that came out of this dream:**

God is coming to the \*Body of Christ. Heavenly beings and the Heavenly realms are being released into greater ministry in the earth. They are here already but their activity is going to increase dramatically. The veil or separation between the earthly realm and the heavenly realm is thinning out. God is tearing the veils again in preparation for His glorious invasion with His glorious kingdom into our realm. Signs and wonders,

miracles and manifestations will continue to increase. The \*shekinah Presence of God will be seen, felt and touched in corporate meetings. His Presence will come in such heavy measure on those who will receive Him and walk reverently with Him; so that others will see and experience Him in very tangible ways. As in the days of Moses, there will be people who will want us to cover our faces so that they are not stricken down in His manifested Presence.

Here is what you should do. Position yourself in His Presence and search for more of Him. He has said He will come to those that draw near to Him. The God who sees all, also sees you. He is preparing you for greater measures. He wants your heart, your love and your intimate devotion. The battle belongs to Him. It is His church and He will build it. Position yourself in Him. He will saturate \*His Bride with His fullness according to Ephesians 3: 19 and because of Ephesians 3:20

Ephesians 3:19 and to know the love of Christ that surpasses knowledge, that you may be filled with all the fullness of God.

Ephesians 3:20 Now to him who is able to do far more abundantly than all that we ask or think, according to the power at work within us,

Ephesians 3:21 to him be glory in the church and in Christ Jesus throughout all generations, forever and ever. Amen.

If you are in agreement then let “Amen” come from your spirit as a cry of hunger and dedication to God.

## **Conclusion:**

Why do I share these experiences with you?

I Am totally convinced that Jesus has made it possible for every Born Again Believer to experience a tangible truth based relationship with God. Scriptures record for us the experiences of so many people as they had encounters with God and walked with Him. The same is being offered to you today. Seek the Presence of Jesus. Do not seek experiences alone but expect that your relationship with God through Jesus Christ will bring you into experiences with Him.

How can you position yourself to enhance your relationship with Him so that you can know Him?

I recommend you pray in agreement with what has already been recorded in the scriptures. Begin to pray the prayer of Paul the Apostle in Ephesians.

Ephesians 1:16 I do not cease to give thanks for you, remembering you in my prayers,  
Ephesians 1:17 that the God of our Lord Jesus Christ, the Father of glory, may give

you a spirit of wisdom and of revelation in the knowledge of him,

**Ephesians 1:18** having the eyes of your hearts enlightened, that you may know what is the hope to which he has called you, what are the riches of his glorious inheritance in the saints,

**Ephesians 1:19** and what is the immeasurable greatness of his power toward us who believe, according to the working of his great might

**Ephesians 1:20** that he worked in Christ when he raised him from the dead and seated him at his right hand in the heavenly places,

**Ephesians 1:21** far above all rule and authority and power and dominion, and above every name that is named, not only in this age but also in the one to come.

**Ephesians 1:22** And he put all things under his feet and gave him as head over all things to the church,

**Ephesians 1:23** which is his body, the fullness of him who fills all in all.

Here is what I recommend:

- Spend time with Him alone. If you will regularly spend time quietly in His Presence for the purpose of knowing Him, seeking for knowledge of Him and revelation of Him you will find more of Him. He said, “seek and you shall find.” Keep your Bible close at hand because He often responds to us through His written word.
- Accept the truth that He is always with you. He stated that, so receive it. Ask yourself how would I act in the Presence of God right now? There might be a thousand things you could ask him for, request, or petition Him about. However, this time with Him must be a time of simply wanting to know Him. You must accept the truth He is there with you and that He wants to enjoy your company as much as you desire His. There will be times when the Spirit calls on you to pour out your requests, petitions etc. Follow His lead at that time.
- Realize that your voice, your thoughts, your love, your worship, your praise passes over into His realm, regardless of if you feel something or not. Be faithful in meeting with Him and then just express your love to Him. He will respond to your love. 1 Corinthians 8:3 states, “But if anyone loves God, he is known by God.”
- Do you have to shout or raise your voice? No, not at all. You are already in His Presence so why shout at Him as if He can not hear? I have to confess, that I have tried that, only to realize that I was not believing His promise to be ever present.
- Background music will help but don't let it interfere. If it helps you to worship Him, then play it. If it distracts you to what the singers are feeling or the lyrics compete. then don't play it. This really is about you in the Presence of God..

alone with Him. Music is a gift from God, of course. I have been blessed so many times through music because it can lead you into His Presence.

Spiritual fruitfulness comes out of spiritual intimacy with God. The relationship you have with God and the time you spend with Him determines the quality and measure of genuine spiritual fruit. So many people are works oriented and think, "If God has done or will do this and that for me, then I will respond and do certain things for Him." This is a slave or servant type of mentality towards a Master. A higher form of relationship is the Bride and Bridegroom relationship and this relationship is so much better. This is the relationship God is calling you into. Good fruit is a result of that kind of relationship. Works are a result of the spiritual relationship with God, not the relationship itself. We serve out of love for our Lord and that service flows out of a love based relationship with Him.

May you be refreshed, empowered and enriched in His Presence. May you feel His embrace, experience His love and know Him. May your eyes be opened to look upon Him. May your ears hear His voice. May you be saturated with Him so that His image is superimposed into every part of your inner most spirit. This is your destiny and God's deep desire for you. We impart this over your life today in the Name of the Father, the Son and the Holy Spirit. Amen. May the legacy the Lord has prompted me to share with you about my relationship with Him lead you into deeper places. May the legacy God has ordained for you become reality.

Please allow me to pray with you now:

Father in Heaven, we thank You for all You have done. Thank you for inviting us into relationship with You. We love you and honor you. We ask that You would lead this reader into deep, profound and overwhelming encounters with You. You have already given this reader the gift of hunger and thirst. May the power of the Holy Spirit come over them and lead them forward. We release the Holy Angels to minister to this reader. Thank You that every good and perfect gift is from You. We rejoice in You... in Jesus' Name.. Amen.
