**Prophetic: Increasing the Seer Anointing: Chapter 1**

**Your Spiritual Eyes Will Look Into the Supernatural Realms.**

**Eyes are for seeing. We are in a time when spiritual blindness is giving way to the open visions of the Seer prophets. Many are rushing in to the supernatural realms of God to gaze upon His majesty and to learn the secrets of those things that were, and are and those things yet to come. There is great grace being released by the Holy Spirit as He restores to the earth the prophetic gifts of those ancient men and women of God who spoke for God. This current prophetic movement is rising to unprecedented levels and will increase in signs and wonders. The Prophetic Seer abilities can be developed in your life. Here's how.**

**There is a unique relationship that the Holy Spirit is calling every born again Believer into. This relationship is initiated through a personal experience of salvation and then a walking, living relationship with God in the Holy Spirit. The Holy Spirit desires to bring us into such close intimate relationship with Him that we hear what He is saying and see what He is doing. This is the Key to the prophetic Seer anointing being activated in your life. Therefore, spend time with Him in worship, in prayer and in waiting in His Presence. This sets the stage for visions, dreams and prophetic encounters. Having this relationship initiates prophetic journeys into the supernatural realms of God.**

**Let me make this distinction. Prophetic Seers are different than word based Prophets. The word based prophet will move into the Holy Spirit realm and begin to open his mouth and the Holy Spirit will give the words and messages. These messages come forth from the inner spirit spontaneously. The Prophetic Seer on the other hand will see images, pictures and scenes. The Prophetic Seer will then describe, explain and likely interpret what he sees. This becomes the prophetic message. How then can you develop this gift of seeing?**

**Almost without exception every person has the ability to formulate images**

**of things familiar. For instance, if you were to describe in detail a favourite childhood memory, playground, picnic, event, family setting or place, your memory would likely access the visual, emotional and verbal information stored in your memory banks. This specific ability to see the memory images is what I want to identify here for you. The emotional and verbal information is also important.**

**In this chapter we are dealing with developing your Seer Anointing abilities. The same ability to recall visual images is the same function that the Prophetic Seer accesses when entering the prophetic realm of the Holy Spirit. The Prophetic Seer instead of recalling a memory steps into a receiving mode. It is there in the visual mode that the Holy Spirit releases images or visions. These visions may be of past events at first.**

**In fact the Holy Spirit will usually begin there because those are familiar scenes that you are sure of because you lived them. The Holy Spirit will then take you into a replay of events that may have occurred recently or today. He reviews them with us. Notice the word re view. This is actually what happens. The Holy Spirit will then begin to give us images of random events that possibly could happen tomorrow as we project our thoughts toward some specific task. He will train us in this if we listen and pay attention. When I first began to recognize this in my life I often named this future impression as a hunch. I called it this because I didn't have a name to call it. The Holy Spirit will test us on this and give us many confirmations in this so that our confidence and accuracy levels improve. These areas are all earth bound events and details that are part of the boot camp training. The next phase is where the incredible begins to unfold before us.**

**The next phase is the journeys into the supernatural realms. This is where the eyes of your spirit and understanding began to gaze into the realms of God. Literally, the Holy Spirit will begin to take you into trances, visions and heavenly scenes. In these you will see Holy Angels, Heavenly Scenes and the Majestic Presence of the Lord. You will also see and gather up information from the Lord about earth events, details for your own benefit and for others. This is where the Holy Spirit wants to take us all. He wants every believer to live in both the natural realm and the supernatural realm. The Prophetic Seer anointing bridges the gap between the two realms.**

**Here is a entry portal with advice, to quick start you in this. Take a**

**scripture verse and ask the Holy Spirit to reveal this to you in vision form. Let me suggest the following one because it is a verse that describes scenery. Look up and read [John 5 and read verses 1- 5](#). (click Text) Now ask the Holy Spirit to give you a picture in your mind that matches this scene. Quiet yourself and began to receive that scenes details. Do this with other scenes until you can quickly receive what the Holy Spirit is giving you. Now go to a verse such as [Daniel 10 : 5,6](#) or [Acts 10 :11 -16](#) or others. Ask the Holy Spirit to show what these visions looked like. Receive what He gives you. Next ask the Holy Spirit to reveal Jesus Christ to you and then the Heavenly Father and then His Plans for you. Ask Him to show you what He wants you to do and say and how to walk with Him.**

**You will increase in this as you exercise your spirit eyes within and rely upon the Holy Spirit. If you ask the Heavenly Father for His good gifts He won't give you a stone nor a serpent. The Prophetic Seer Anointing is being released in this season and you can enter into this part of His inheritance for you.**

**UNUSUAL SUPERNATURAL OCCURRENCES INCREASING:**

**This is what I hear the Lord saying:**

**Habakkuk 3:2 " Lord, I have heard of your fame; I stand in awe of your deeds; O Lord. Renew them in our day, in our time make them known; in wrath remember mercy.....**

**verse 3: God came..... His glory covered the heavens and His praise filled the earth.**

**I believe God is hearing the prayers and longings of all those who have faith in him. The cry for re- new- all is meeting with the mercy heart of God. The earth is being prepared in an unprecedented way for an unprecedented inhabitation (not visitation) of the Lord's Presence in the earth. His splendour will be like the sunrise and rays will flash from His hands. His power will no longer be hidden but will manifest with attention grabbing awe through out the earth. He will scatter and break the strongholds of the enemy. He will stand and shake the nations. They will tremble as they see the fire and splendour in His eyes. He is coming to establish eternal sovereignty. He will reveal Himself by healing the sick, the blind, the lame, those with HIV, malaria, cancer and other terminal diseases just as His Son Jesus Christ did 2,000 years ago in the Middle East.**

**Many prophetic voices are in consensus about this one theme. There are major releases of supernatural power soon to invade the normal. There will be an increased activity of dreams and visions that are significant intrusions by God into the ordinary lives of the man or woman next door.**

**Now is the time to fall into the depths of His intimate heart and love the Lord with all your heart, soul and mind. This will bring you into Oneness with Him and it positions you where you can see what God is saying. Take**

This is the place where the guards on fortified cities would survey the approach to the city. Spiritually, as we come before the Lord and wait in His Presence it is like entering the fortress of the Lord. It is in His Secured Presence that we will receive impartation of revelation. Just as a watchman in a guard tower would be the first to spot an incoming courier/ messenger so with us. Habbukuk gets answers from the Lord regarding the refining judgements of the Lord to correct the strife, violence, injustice and evil pervading over the affairs of the nation. **Prophecy:**  
**The Power of the Prophetic Seer: Chapter Three**

**Eyes are for Seeing.**

**Most of us are familiar somewhat with the term spectrum. It is used to describe on a linear scale measurements of time, sound and light. Humans function in a narrow segment of that total spectrum comprised of time, sound and light. We can only hear certain sound frequencies and see a certain range of light within the larger spectrum. Our time here in earth's dimension is also a narrow slice of the time spectrum in contrast to eternity forever. I want to present some thoughts to you today about the light and visual spectrum. Understanding it will help you to see beyond the physical limitations of natural eyesight into the fascinating realm of prophetic revelation. It is there the prophet and prophetess go to receive supernatural downloads.**

**I want to describe a significant dream the Lord gave me three years ago. I awakened into this dream fully alert and saw in the distance Jesus. He was clothed in radiant atmosphere. The distance at that point between us was rapidly closing. I am not sure if He was moving toward me or I toward Him. As this distance closed He increasingly became brighter and more radiant. Power, energy and light was flowing out of Him. His Presence became so radiant that all I could see was a diffused image within His countenance. Then when we were within ten or so feet of each other He suddenly disappeared. However, He spoke to me and said " I Am still with you. I have merely stepped out of your visual spectrum. This is what I did in the room when I first met with the disciples after My resurrection. I stepped into their visual spectrum, ate with them, instructed them and then I stepped out of their visual spectrum. They thought I left but I merely was out of their visual spectrum. This is how I operate in My Kingdom beyond the natural spectrum of human sight and sound. But I never leave My people. I Am always close at hand. In this form I Am able to also live within them in My Holy Spirit."**

**My dream contained a few other details. He also explained the impartation of healing. When people ask and believe they will receive their healing. In God's realm the prayer of faith when spoken here on earth actually creates the provision there. I once saw this in a vision of Heaven. There were spiritual body parts being created there that were made of spiritual substance. These spiritual body parts looked like light and I could see through them but because they were not material they could be imparted into a sick person here on earth in response to faith. When implanted in the sick body they would correct the infirmity or sickness. Some afflictions are demonic and that requires the prayer of deliverance for remedy. However, this is also the same principal that spirits of infirmity use to implant disease and infirmity into someone.**

**What I want to emphasize here is that the spiritual realms are outside the natural visual, time and sound spectrum. The human spirit has the capability in a smaller measure to engage the larger spectrum through the help given to us by the Holy Spirit. Thankfully God the Holy Spirit does step into our natural visual, sound and time spectrum to engage us in God encounters. He however, gives us the invitation to come into His realm to also engage Him in spiritual intimacy and worship. To engage Him with dialogue, revelation and relationship. It is into this realm that prophet and prophetess receive their insight and prophetic ministry.**

**How then can you or I activate the ability to see with the prophetic eyes of the seer? We simply need to ask the Holy Spirit to open the eyes of our understanding so that we can see into that realm. He will sensitize us to His realm so that we can gaze into His realm at will. He will activate the inner eyes of the spirit within us to receive visual images, pictures, storyboards and scenes. He will also open the inner ears of the spirit to hear what He is saying to us and to others that we are to speak to on His behalf. Begin to pray the (click) [Ephesian 1:18, 19](#) prayer found in the scriptures for God wants us to have the eyes of the seer prophet so we are equipped to see His destiny fulfilled in our lives.**

Supernatural Portals are Open: Chapter 4**

**Prophetic Journeys into God's Realm**

**Gone is the saying “God is far away.” Many prophetic seers are rediscovering entrance ways or portals into the Spiritual Realms. These Spiritual Realms are beyond the physical three dimensional world that all of us function in every day. They are not delusions or embellishments of fantasy. Many prophetic seers are regularly encountering the supernatural Presence of God's Kingdom. The Holy scriptures record that many of the ancient prophets experienced similar journeys and encounters. These scriptural references serve as a model and bring authenticity to what is occurring now. Although, it must be said that not every encounter can be endorsed or authenticated by the scriptures. Nor can authentic experiences be put into the lab for clinical analysis.**

**What is evident is that there is a great increase in prophetic activity. It seems that a new season is upon us and it is a world wide phenomena. I have personally observed this occurring in South Africa, Mozambique, Ghana, Brazil, Canada and United States. People from other countries report the same. What is the relevance of this? One thing for sure, is that if you have a desire to step on the “On Ramp” then you can enter into an encounter yourself. What will you experience? Well, for Beginners it usually is an increase in significant dreams and visions. For the Seasoned, the encounter level is much more intense. Prolonged sessions of trances, out of body experiences, angelic escorts taking you to heavenly realms, angelic messengers downloading information to equip you and other experiences that can only be described as incredible energy and power releases over your being.**

**I am one of those who have stepped onto the “On Ramp” many occasions.**

Author Keith A. Paul

**His love and mercy is very addictive so I keep going for more. You can too if you want this. What I am speaking about is encounters that you can have when you trust in Jesus Christ. Invite Him to reveal Himself to you and then “lean into it” and be receptive to what He brings you into. There are also “on ramps” into the dark realms and those you need to avoid. My advice is to go for the “good” and put aside the evil.**

**Today's theatre lineups attest to the growing interest in the supernatural realms and God is matching that interest with real life encounters. He in fact has used the movie industry to create hunger for what He can satisfy..... Intimacy with Him in relationship.**

Stepping into the Prophetic Realm: Chapter 5**

**Supernatural Encounters with God**

There are many portals into the supernatural and many have accessed them.

In this chapter I want to address the “how” to this very intriguing opportunity. For those who want to be taken out of the grid of what they have experienced in their relationship with God this chapter will contribute to discovering a new realm that is available for you.

Let me jump right into this subject because I am limited by space editorially in this article. You may ask, How can I experience spiritual intimate encounters with the Lord and His Kingdom? Let me lay this foundation for you so you are positioned to receive from God. These are not in a set order but need to be in place in your relationship with God.

**\*\*Come to the Lord often to worship Him. Spend time there. Don't rush. Let the Holy Spirit lead you in this time of communion. This is not about bringing prayer lists before Him but about spending time with Him. Get past all the distractions that we are prone to in the mind. Distractions in the mind will subside and you will feel His peace fill your mind.**

**\*\*As I sense worship rising in my spirit, I yield to that. I speak or softly sing in the spirit. Often soft worship playing in the room will set the spiritual atmosphere. This is about ministering to Him not about getting something from Him. This is about love and expressing that love to Him. He is looking for lovers and you can be one by expressing that devotion to Him.**

**\*\* While in His presence I usually have my Bible close at hand because He may bring a passage to mind or lead me to one that He**

Author Keith A. Paul

**wants to communicate to me about. I follow Him there and receive what He is saying. He may show you sinfulness and when He does Deal with it. Be vulnerable. Drop your guards and let Him examine you. His blood will wash it away immediately if you confess this to Him. Other times He will reveal something that you never saw in those scriptures before.**

**\*\* Be receptive. He uses the same faculties of communication that you use in the natural. Hearing, seeing, smelling, tasting, touching. I have experienced God's presence or what He is communicating on all these levels. If you read the scriptures carefully you will see the precedents there in the experiences of God's people as they encounter God.**

**\*\*As you position yourself before the Presence of the Lord in this manner The Holy Spirit will download prophetic encounters on you.**

## **Prophecy:**

### **Dreaming the Dreams of God: Chapter 6**

**God is definitely speaking through dreams in this season.**

**During day time our attention is often focused on the day's activities and therefore not sensitive or receptive to the intervention of God type encounters. God therefore, breaks into our dreams at night to communicate with us about our destiny. God is a good God and He is releasing prophetic dreams that lay out His plans for our life journey.**

**In this article I want to address how to optimize your dream encounters with God. Let me make some practical suggestions. Keep a notepad or small dream diary with a pen on your night stand. If you easily forget dreams then jot the main scenes down quickly while details are fresh. In the morning fill in additional details. Give this dream a name or define its theme or events. Begin to pray into some of the details of the dream to see what its message is. The Holy Spirit who gives us dreams will help us to understand their purpose.**

**Symbols in dreams are often mysterious. That is, their meaning is not apparent. However, as a general guideline the symbols/pictures meaning is usually found in its purpose or activity. What does this object or thing accomplish? Examine the purpose or activity of the symbol and decide what that means to you. For example, a fruit bearing tree in a dream indicates a season of productivity. A dream that includes a vehicle of transportation usually symbolizes a means of achieving a purpose. Something that will take you from point A to point B in your journey. People will often encounter scenes or settings that are very customized. Scenes that could only be understood by them because the Holy Spirit uses scenes only that person would recognize.**

**There may also be quick transitions in dreams from past events into future and then back to present events. When you review dreams that you have**

Author Keith A. Paul

**journalled; sort out the events according to time frames. The interpretation of the dream may be found only as you chronicle them on this sort of time line. One dream could be using scenes from the past, merging those with the present and then projecting results for the future. The Holy Spirit often uses familiar scenes of the past to show you the outcome in the future.**

**Dreams often come in sequels. Where the message in the sequence can only be understood when all the dreams are reviewed, not just one dream in the sequel. I am a proponent of journaling dreams because of this fact. Doing this will help you to address issues that continue to surface and make the applications that are being revealed in the dreams. Journaling your dreams will also give you a point of reference for future decisions because there often is a future or foretelling aspect inherent in dreams. Dreams may include a prophetic element that we need to follow through on to see the prediction accomplished. When negative or destructive scenes are shown to us then we need to respond to that with purpose and preventative actions. One lady (after the event) shared that she had a dream about getting a traffic ticket from a police officer because she failed to make a proper signal when turning at an intersection. Sure enough the next day she gets pulled over after making an improper turn at an intersection. It wasn't until she had the ticket in her hand that she realized the dream was preventative information that the Lord gave her the night before. My advice is to utilize the dreams that you receive and then implement them as part of your life plan.**

**Prophetic:**

**Visions and Trances: Chapter 7**

**Portals in the Supernatural Realm.**

**Most prophets can see better with their eyes closed. When they position themselves in the receptive mode they first of all shut out the natural distractions that come through the natural eyes. It is there in their spirit they gaze through the inner eyes of the spirit and receive visions and go into trances.**

**How can you develop this ability and begin to experience visions and trances? Born again Spirit filled Believers should be experiencing this regularly. Let me first describe what the inner eyes of the spirit are. They are the internal ability of your spirit to envision or image a person, place or thought. When you invite the Holy Spirit to conduct that process then He will lead you into God given visions and trances. He will cause you to ascend beyond the containment of your physical body into the realms of God. At this point all you have to do is follow the images and His Presence. Many will find this difficult at first but He will help you if you allow time and then practise this process in His Presence.**

**Often it is helpful to spend time in prayer first because it is very common to experience a lot of distractions. Like the laundry you forgot to put in or the Saturday morning outing coming up or any number of other "to do items." Write these down on a notepad so you can move on to what you want to do now in the Presence of the Holy Spirit. Invite the Holy Spirit into your mind and spirit. Ask Him to reveal Himself to you so you are able to hear and see. Jesus said in Matthew 13:16 " Blessed are your eyes because they see and blessed are your ears because they hear." This is what the Holy Spirit wants to develop in your life. This ability to see and hear what God is saying.**

**From a practical stand point this positioning will work best if you are alone**

**in a quiet setting. Without the television or other natural stimuli producing disruptions. The Holy Spirit will need your attention foremost as He heightens your sensitivity. He may ask you to walk with Him through a time of deprogramming. This may include secluding yourself away from visual media such as magazines, DVD's and television. These all are very rich visually but are inbound only. What He wants to develop is your ability to see supernaturally on an outward spectrum . So be open to this seclusion phase.**

**One of the first development sessions He will take you through is a walk through your memories. Some people will want to avoid this because of painful events. However, you will find that His purpose in leading you there is to remove mental firewalls or blocks there that hinder you from having prophetic experiences. Again, trust the Holy Spirit. As He moves you through your memories He is actually tuning your spiritual eyes to focus on content.**

**What will begin to happen after the reviewing of memory phase is that He will begin to shift your visual experiences from strictly memories into scenes that either build on those memories or create completely new scenes. Now you are beginning to develop the Seer anointing of the Prophetic. When you yield yourself to the Holy Spirit in this way He will cultivate your abilities to see and hear through your spirit beyond the natural. As you return to this place with the Holy Spirit He will take you on prophetic journeys. There you will have visions and trances that are God induced and will be of great benefit to you in so many ways.**

**Lastly, pray about this. Ask Him for an increase of revelation so that you can know Him. He wants to reveal Himself to you so take the opportunity to move into a supernatural lifestyle and walk with God This kind of supernatural lifestyle is becoming more and more common as God's people press forward into the promises made in His Word. Act 2:17 And it shall be in the last days, saith God, I will pour forth of My Spirit upon all flesh: And your sons and your daughters shall prophesy, And your young men shall see visions, And your old men shall dream dreams:  
Act 2:18 Yea and on My servants and on My handmaidens in those days Will I pour forth of My Spirit; and they shall prophesy.**

**This supernatural lifestyle is part of your inheritance but you need to pursue it. The Holy Spirit is the Key so work with Him on developing your prophetic abilities.**

Downloading Supernatural Revelation: Chapter 8**

**Words of Knowledge and Words of Wisdom.**

There is a wave of supernatural revelation rising in the earth. It will come through regiments of prophets and prophetesses now being equipped. They will surface to speak destiny over people groups, cities, regions and nations. They will operate with a Holy Spirit given purpose and clarity. They will not only network through the Internet but through a spiritual gateway linked into the Kingdom of God. These men and women will manifest the power of Heaven and speak with the authority and voice of Father God. They will effect change for better in the church world which is rife with shortcomings and astound governments with their counsel.

This chapter will focus on the revelatory gifts of the Holy Spirit and how they distinctly operate. These three revelatory gifts are called Prophecy, Word of Knowledge and Word of Wisdom. I will define them for you. All three are supernatural gifts activated by the Holy Spirit and can be received if you ask Him for them.

Words of Knowledge click ( [1 Corinthians 12:1-11](#)) are supernatural details given by the Holy Spirit and expressed through a yielded representative. They are words describing past or current conditions, circumstances or needs. This knowledge would be naturally not known by the speaker and has the purpose of building faith in the listener.

Prophecy is a gift of the Holy Spirit where information is proclaimed to build up, cheer up and comfort others. It often proclaims events or circumstances yet to come in the future. This strengthens the listener and releases God's destiny and purposes into earth. It is the voice of the Father perfectly speaking through a human vessel but prone to weakness and error.

Author Keith A. Paul

**Words of Wisdom** are supernatural counsel, remedies and solutions on how, when and where to apply God's direction in life's circumstances. A necessary gift of application after knowledge is given or prophecy is spoken.

The promise has been given that if you ask, you will receive. If you desire spiritual gifts then ask and they will become active in your life. Part of your training in these gifts will be activation of the gift and confirmation that it is operating. The Holy Spirit gives us many trial runs so our sensitivity and confidence increases. He will teach us and instruct us. Then He will counsel us and watch over us so that we successfully deliver what He wants to reveal.

If this subject is all new to you, you may recognize something here. You may realize that you have already experienced some measures of these gifts but have not understood what was going on. You may have thought it was a hunch or just premonition or your own thoughts. My advice is that you ask for more and then trust the Holy Spirit. He is the source and He wants to release revelation from Heaven into the earth. You can (re present) represent the plans, purposes and destiny of God the Father and bring Honor to Jesus Christ as you yield to His Presence. Revelatory gifts will take you into the Heavenly realms. He will take you into trances, visions and dreams. You will also see Holy Angels because they are often part of the revelatory delivery service in the kingdom of God. You can become part of the regiments of prophets and prophetesses being trained and soon to take precedence in the world's focus.

## **Prophecy : The Auditory and Visual Dimensions: Chapter 9**

### **Recognizing Your Prophetic Function.**

**A prophetess and prophet will normally operate in their prophetic gift from within two communication functions. Their gift will be activated by the Holy Spirit from the auditory or the visual spheres. This chapter will help you discover and understand your dominant sphere. By that, I mean the most common internal process through which the gift of prophecy will be activated. Many beginners will experience frustration until they recognize the uniqueness of how they personally are being activated in the prophetic. Here is an opening word of advice: don't compare yourself to others. If you operate at any level of prophetic function that gift will be uniquely formatted to flow through you. You can not be someone else nor can they exactly model what the Holy Spirit is doing through you. Roses can be recognized for their distinctive floral qualities and by virtue of this are grouped into the rose family. Yet each individual rose plant holds minute definitions that make it one of a kind. Likewise this uniqueness is true in the prophetic forum.**

**I define the function of the Auditory realm as follows:**

**In this dominant function a prophetic message will come to the recipient in words, thought patterns, sentences or whole completed editions. The recipient will then speak forth the message that he or she is hearing.**

**I define the function of the Visual realm as follows:**

**In this dominant function a prophetic message will come to the recipient in pictures, scenes, live streaming and storyboard. The recipient will then describe what the images are showing and that becomes the prophetic message.**

**In the scriptures we have examples of both types of prophetic function. Some prophets would be called seers because they functioned in the visual dimension. Others would receive the word of the Lord and were auditory based in their function. In Isaiah chapter six the prophet sees the Lord high and lifted up and is a clear example of the visual medium operating. In Micah chapter one verse one, the prophet receives a word from the Lord which were often called oracles from the Lord. This is an example of the prophet functioning in the auditory dimension.**

**Prophets today will usually function out of either the auditory or the visual. If you tend to compose a letter from word patterns then your dominant strength is in the auditory. You will usually receive prophetic messages in that fashion. On the other hand if you compose a letter from visual concepts then your dominant strength is in the visual. This will help clarify why some people new to prophetic venues will often say in frustration “ Oh, I seldom have visions or dreams,” yet they will have a well developed ability to communicate and articulate concepts. This is how this auditory person will receive prophetic downloads. Each type should be aware of the auditory and visual dimensions and ask the Holy Spirit to sharpen their abilities in their area of strength so they can enter into prophetic experiences.**

**At times both the auditory and visual realms overlap. Let me share a personal example here before I close. Recently, at night I had a dream. I saw Jesus off in the distance but moving rapidly toward me. He was clothed with radiant light and glory. In seconds the gap between us narrowed but as He approached He was increasingly becoming brighter to the point that He appeared like lightning. At last all I could see was the outline of His Presence in the background of this tremendous release of pure white, radiant light that streamed from Him. I could feel this light going right through me. When He came very close to me He suddenly disappeared but then spoke to me. “ I Am still with you. I have merely passed out of your visual spectrum but I have come to speak with you.” He further explained, “What you just observed is what happened in the upper room after My resurrection. The disciples suddenly saw Me standing in their midst because I stepped into their visual spectrum. I talked to them and ate with them. Then I stepped out of their visual spectrum. They felt I left but I never leave. I only step in or out of the human visual spectrum so that visually people can encounter Me.”**

Author Keith A. Paul

**He then went on to speak to me about the transference of spiritual provision. That all provisions exist in Heaven and appear there in a light like form. When someone on earth has faith for that provision that faith draws the provision into the natural earth dimension where it takes on substance.**

**In this dream both visual and auditory dimensions were operating. It is my opinion that every prophetic person will encounter both of these distinctive realms as the Holy Spirit releases His prophetic power.**

## **Prophecy: Prophetic Symbols: Chapter 10**

### **Understanding the Pictorial Images of God.**

Perhaps you have experienced dreams, visions and had prophecy spoken over you life. Some of it may have been very clear, while other elements were full of mystery. The prophetic language of God can take many forms and be expressed in various images. God is now revealing the meaning of His pictorial language so that His people can understand what He is releasing through the prophetic realm. It would take a complete book to fully cover this subject but in this article I want to lay down a few principles and share some examples that will help you.

Let me recommend first that when you have a dream, a prophetic vision or receive a prophetic word to always write it down. Otherwise, many details can be completely lost within a short time. If you received a prophetic word from a prophet(tess) then ask them to explain what they saw and the sense of what they felt. If it was a vision or dream, I recommend you make descriptive notes. You then can search your Bible for any of the images or pictorial types to see what that image conveyed in the scriptures. There are many electronic Bibles for free on line that include word searches and study helps so these can be very helpful.

It is important to prayerfully ask the Holy Spirit to bring understanding to you. He authored the dream so He has the details. He does however, work with details that will make sense to you. He often uses experiences, memories and settings that are unique to you alone. Someone else would not understand them in the same light as you. For instance, seeing a hot stove may bring a sense of warmth, family, comfort and peace to someone. For another person seeing a hot stove in a dream may create feelings of fear or pain because they were badly burnt when they fell against a stove as a child. In these scenarios God may be leading the first person into comfort, sense of security or relationship. In the second example, God may be inviting that person into freedom from childhood fears. So ask Him to identify areas that may reveal a deeper work of

**restoration within you.**

**Let me focus on images. There are so many images in the Bible that God used, so reference these in a concordance. See if they relate to what you received. Jesus often used parables which are illustrations that contain a spiritual truth. A lamp represents light and guidance, whereas a net would represent harvest. Acquaint yourself with these through word searches and note the application, if any to your encounter.**

**When interpreting a dream it is important to look at the emotional, spiritual and circumstantial content within that dream. Was it frightening, peaceful, encouraging or threatening? Did details provide direction or promise of provision? Was the dream detailing issues to pray about? Was the dream a training module in which the Lord put you through a test or equipping session? Ask questions - why this and not that? Some unresolved issues in dreams are unimportant. If there were details you didn't notice (like color or size etc.) they probably were unimportant.**

**Let's look at some dream symbolism examples:**

### **Prophetic Symbolism**

#### **Dress style in clothing:**

**open collar = open, nothing hidden, relaxed, informal plans,**

**white shirt = formal, rigid, leadership, management,**

**suit = formal, rigid, business**

**plaid shirt = casual, not rigid, working on a project.**

**Likewise: Ladies apparel would generally represent the same in formal to less formal.**

#### **Numbers:**

**1 - unity, God**

**2 - double blessing or anointing, or two confirmations.**

**3 - trinity - divine perfection**

**4 - earth number, 4 seasons, or four directions.**

**5 - grace**

**6 - number of man, 666 represents men in league with the world, flesh and devil or an Unholy Trinity.**

**7 - perfection or God.**

**8 - resurrection, new beg, # of Jesus**

**9 - divine # (3 squared), # of Holy Spirit, also judgement, evangelism**

**10 - world # (10 horns of beast, 10 toes on statue)**

Author Keith A. Paul

**11 - incomplete, not yet a government, prophetic anointing**

**12 - governmental perfection/authority**

**13 - sin #, speaks of rebellion**

### Animals

- Horse -** power, physical issues that are going to come as in Revelation with the four horses of judgement.
- White horse -** the Lord's message (Revelation when He sat on a white horse)  
Also the highest form of power that is established by God.
- Elephant -** great power and strength, nothing stops them, never forgets.
- Predators -** animals that prey on others represent usually represent inner fears of that animal. They can often indicate an attack of the enemy in the form of that animal. A lion can represent Jesus as the "Lion of Judah" or could represent Satan as a roaring lion seeking or someone to attack. The context of the dream would clearly show which Lion is in a dream.
- Snakes-** serpents, spiders, scorpions, dragons, vampires etc. All represent agents of the occult.

### Transportation

**Vehicles (bikes, boats, aircraft, trains, buses etc.)** usually symbolize ministry of some kind, life journey or destiny. The speed is also important because it defines time of getting from departure (as in right now) to the arrival (when God brings the fulfilment).

**Subway -** underground, unseen, sometimes it may surface for a bit then go down again, behind the scenes, hidden

**Train -** a train sometimes represents training (play on words) but most forms of transportation represent ministry.

**Air plane -** higher spiritual elevation, rising up higher, higher level ministry  
**OR**  
things you are going to do in the Spirit, although rising on an eagle is a more common image for this.

**Old car -** older form of ministry, could even be old wine skin.

**New car -** could be faster, slicker (positive or negative,) cutting edge,

- more efficient and effective.
- Truck -** used for hauling things to different locations, bringing supplies back & forth.
- Ocean- Liners** large influences over people, ministry with a large influence. The ocean represents people, nations

**Other Prophetic Symbols:**

**Gates of hell -** Satan may have access points in your life. Don't open them.

**7 trumpets of Revelation. -** 7 great messages of the Kingdom.

**Balls - Spheres** Usually seen in various shades of color. Often means completeness, well rounded plans or well thought out.

**Walls -** can be protection or walls we put up to protect ourselves from perceived danger (they can close us in or keep out danger.)

**Scene - Change** Usually means transition in time, place or responsibilities.

**Being - up in the air** (in the dream or flying) This is the observation position. Could mean You're not there yet, or just observing.

**Notice:**

In 2 Kings 5: 25-27 Elisha describes to his servant that he went with him (in the spirit) and saw that he had taken the gifts from Naaman. The Prophet Ezekiel also describes being taken up by the Spirit and being set down in other places, so He could see or make prophetic declarations for the Lord. Ezekiel 37:1, 2 and Ezekiel chapter 40.

**Kitchen - prepared** Is the place of preparing food, spiritual nourishment being prepared

**Cupboard/ - pantry** storage for things you are about to use.

**Other storage - places** attic, where you store things not likely to be used again but you want to keep for sentimental value or

- Tree -** perhaps they are valuable. Other storage places are not so hard to get to for things you use, but not so often. the cross of Jesus, or trees with fruit on them may refer to your attributes.
- Prophetic - people** - When a prophetic person is in a dream with you it's because you are in a training time and he/she is a mentor.
- Women -** often represent churches.
- Ocean -** sea - people, nations.
- Luggage -** represents something valuable that you need. If you left it behind there is something back there unfinished that still needs done. If you've taken the luggage with you it's something you're going to do. Luggage can be very important.
- Faceless - people** - often represent angels who represent someone or some thing. A messenger bringing a word or doing an act. Could also be the Holy Spirit. Or the nameless, faceless - His kids.
- Fountains-** streams, rivers - Holy Spirit
- Clean water-** revelatory truth
- The Mt. - of the Lord** - where God rules from. It's His will being done from this location. The place it radiates from.
- Honey-** revelation
- Forest-** confusion
- Trees-** leadership
- Olive tree-** anointed ministry
- Almond tree -** leadership, also Israel

Author Keith A. Paul

**Blooming - almond tree** - God's approval (as when Aaron's rod budded showing God' approval of his leadership) When the almond tree is blooming in Israel, it is a time of favor that we as His Body can experience.

**2nd floor - 5 fingers -** 2nd heavens  
from thumb to little finger represents apostle, prophets, evangelists, pastors, teachers, in that order.

**stirring up -** it's starting to happen now, not sitting but still waiting.

**things coming- &going** - things coming in (the house for example) are coming in (birds flying into a house or packages being delivered to a house are things coming in.) things going out are leaving (such as a person, family, a ministry etc.)

**As you see, there are many symbols that come into dreams, visions or prophetic trances. The above are just a few examples. There are many other Prophetic Symbols that can be unique to a culture, as well. Wisdom and understanding is one of the attributes of the Holy Spirit so you can ask Him for clarity in the Prophetic Symbols that may appear in your dream, vision or trance. ## **Prophecy: Prophetic Music: Chapter 11**

### **Opening the Prophetic and Angelic Realm.**

**You may be wondering what does music have to do with the Seer Anointing? Well, it has a great influence on activating the prophetic seer anointing. It creates an atmosphere and by connecting you to the realm of the Holy Spirit.**

**One powerful dimension that the Holy Spirit is releasing through prophecy now is prophetic music. If you are a musician, a worship leader or in leadership you need to understand the dynamics of this powerful release occurring in the prophetic realm. This release of power happens corporately and it also can happen in the secrecy of your bed room in the Presence of God. Read this article, if you want to release Prophetic Music to open the Angelic Realm.**

**Let me issue a caution here. God is God and worthy of praise. Holy Angels will not receive your worship or entertain you with their power. Fallen Angels will do this and often entrap those who solicit their power or access their dark realm. Let me proceed then with you into this dynamic work of the Holy Spirit.**

**God has created music for the expression of the soul and spirit. Music can be used for many purposes both good or evil, as it serves as a medium of communication. In the specific areas of worship and praise, music and its lyrics have a dynamic role to play in our relationship with God. The Holy Spirit continues to inspire song writers and musicians with thousands of new songs for God's people to express their adoration before Him. Music and its lyrics can be sung in the language of the worshippers or it can be song in the language that the Holy Spirit releases. One can be just as inspired as the other. However, singing in the language of the Holy Spirit will often open a supernatural portal through which the Prophetic and Angelic Realm can be released. Let's talk about this.**

Author Keith A. Paul

**Singing under the influence of the Holy Spirit in an unknown language is a very powerful expression. It bypasses the mind, traditions and rituals. It connects your inner spirit with the Holy Spirit. He then takes you into a higher dimension of God's Presence. It is a more perfect expression of worship because it is spirit to Spirit. However, worshippers or worship leaders can often miss the timing or leading of the Holy Spirit in this.**

**Most musicians and worship leaders plan for a transition or a bridge between songs. A transition usually consists of a bar or two of notes or chords that lead to the next song. It may include a key change as well. This is often the entrance place for the Holy Spirit to insert an inspired prophetic song understood in the language of the people or a song in an unknown language. This insertion, if followed by the worship leader and musicians can bring an open heaven over the meeting. It can release the supernatural Presence of God. Prophetic and Angelic ministry can be released during this time. However, some leaders miss this because they are afraid to lose control or maybe uncertain about what is happening. Some musicians can put a cap on what the Holy Spirit is trying to do by continuing to play the music of the last song or move too quickly to the next song they had cued up on their list. This stifles the flow of the Holy Spirit. I have seen vocalists in a worship group/band follow the Holy Spirit into a prophetic song or song of the Spirit and then have to stop that flow because the musicians were pegged to the music on the list. The opposite can also occur. Musicians can come under this anointing to prophesy on their instruments and have the vocalist shut it down. I can recall examples of both scenarios happening. So all worship team members need to talk about how to respond and what to do when the Holy Spirit inserts spontaneous prophetic songs or songs of the Spirit into the set. As a worship team they need a lead person and that lead person needs to set some guidelines and prompts for the band to follow to allow the Holy Spirit freedom in this area. A musician(s) need to play a few simple chords to accompany the vocalist if the vocalist is leading in a prophetic song of the Spirit. Likewise the vocalist can give room for the musicians to have a Holy Ghost lead jam session. Both if directed by the Holy Spirit can release the Presence and power of God.**

**Honest mistakes will be made and the Holy Spirit will work around that. Intentional disobedience will not receive the same kind of grace for long.**

**I have been in worship settings where leaders were sensitive to the Holy**

Author Keith A. Paul

**Spirit and they were not only ready for His move but they embraced His leading. The release of the Holy Spirit's power was so powerful. People were overwhelmed in some cases and could not stand in His Presence. Others were instantly healed while others received visions and prophetic encounters with God. Angels began to minister to people in these settings. In some of those settings Angels were seen by many (adults and children). People felt unseen hands placed on them. This is what can happen when worship takes that shift from great worship into a Holy Spirit lead prophetic expression that releases heaven. I have seen vocalists and musicians become so saturated with His Presence and power that they shook under His power. Some fell to the stage floor and went into trances and visions that changed their whole destiny.**

**Let's bring it on in the power of the Holy Spirit.**

**Now, what is so wonderful about this is that it works in your private place of prayer and worship. Let the Holy Spirit lead you into the same dimension. Sing and prophesy in the Spirit. |The Prophetic and Angelic Realm will swirl around you and bring you into encounters with God.**

## **Prophecy: Supernatural Encounters for Your Children: Chapter 12**

### **Lead Your Kids int the Supernatural.**

In this chapter I want to show parents how to lead their sons and daughters in supernatural prophetic encounters with God. Your child will have been introduced to supernatural concepts and perhaps realities through their exposure to DVDs, videos and television. Many churches are now moving forward into the realms of the Holy Spirit as well and that is impacting the younger generation. Some kids may have already had some experiences with the occult and the dark side. Others may have experienced visions and angelic visitations. This is not uncommon in todays world. Parents can take the initiative in leading their children into the supernatural. Although sometimes the kids are better equipped to lead the parents because of their receptivity and untarnished faith capabilities.

Let me preface what I share in this chapter by saying that I am speaking about encounters with God the Father, God the Son and God the Holy Spirit. We find salvation through faith in the shed blood of Jesus personally and become hosts of the Holy Spirit who comes to live within us. This starting place being clarified let me address how parents of like faith and commitment can lead their kids into supernatural encounters with God. I am also directing my comments to parents with children between 5 and 12 years of age. Be flexible and do the following:

- Set aside a quiet time where you as parent can have some one on one dialogue with your son or daughter.
- Talk to them about supernatural experiences with God. Use Biblical stories as reference and your own personal encounters as well.
- Ask them if they can share any of their own experiences with you.
- Ask them if they would like to experience more of the Holy Spirit,

**more of Jesus or more of God in their lives. Kids can be really honest so be prepared for a “No” or “I don't Know.”**

- **If they indicate an interest in receiving more from Jesus and the presence of the Holy Spirit then precede.**
- **Explain: that you will pray and invite the Holy Spirit to touch them, that you will then play some soft worship music in the background and that we will wait for ten to fifteen minutes and that will be all.**
- **Stay with the child (children) and lead them in individual worship softly. Role model yourself before them. Yield to the Holy Spirit. Sing to the Lord softly. Sing or pray in other languages as the Holy Spirit leads or enables you. Be sensitive to distractions and try to be preventative here. Kids will be kids so encourage them to talk to Jesus. Be sensitive to their needs. Make bathroom trips before you start etc. Don't leave the T.V. Running in the next room.**
- **Cultivate these times by doing it often. The Holy Spirit will reveal Himself to them and yourself. These times could be followed up with dialogue on what they experienced and what you experienced. Remember to keep these special times within the time frame suggested above. If they are able to keep focused for longer then that is fine. Watch their body language for limitations.**

**You as a parent will see many benefits surfacing within your children as you take time with them. Don't wait for Halloween with all its scary occult stuff to sweep them away. The Lord has a better plan. Start His plan before Halloween and continue after. Make it a regular parent/child event in your home. God will Honor you for doing it.**

## **PERSONAL PROPHECY: UNDERSTANDING ITS APPLICATION : Chapter 13**

### **PROVISIONAL and CONDITIONAL CONTENT**

There is something intriguing about genuine prophecy because of its supernatural insight. I define genuine prophecy as “prophecy activated by the Holy Spirit”, thus the supernatural element. There is also counterfeit prophecy that some people activate through dark spirits of divination. Today both sources have representatives speaking into the public forum. This chapter will address the content of genuine Holy Spirit activated prophecy and how many people make a critical mistake in its application.

Let me first establish a very important and fundamental fact about humanity. Every individual in this life has been given a unique ability to make choices. This power of choice can be influenced in many ways by personal background, present circumstances and the expectations a person has for the future. Power of choice is also influenced by one's value system. There are many exceptional examples of people who have risen above very negative circumstances in life because of that individual's power of choice. How then does genuine personal prophecy fit into this unique capacity of choice?

Genuine personal prophecy is always provisional and conditional. When a prophet or prophetess gives a word of personal prophecy, the recipient must understand that he or she can see the fulfilment of that prophetic word by accepting it and then making room for its fulfilment. The recipient could also deny its fulfilment by disregarding it or dismissing it. In other words the Holy Spirit does not overrule the God given power of choice of that individual even when He is speaking through personal prophecy.

The mistake often made by immature or careless recipients is to take a personal word of prophecy and presume that they have no involvement or interaction with its fulfilment. They do not position themselves in the place of seizing a promise, recognizing the opportunity and stepping through

Author Keith A. Paul

**the door when it opens for them. Some take the attitude of “ if God spoke this then who am I to try to make it happen..... Let God bring it to me on a silver platter.” The end result is that they miss the provision of the Holy Spirit. Prophecy brings promise and provision but every gift needs a receptive response coupled with active participation in its fulfilment The Holy Spirit has been sent to walk along side of us. His gift of prophecy is meant to encourage, equip and comfort us in the midst of life's journey. Personal prophecy can also be directive. It will do all of this only if we are ready to do our part.**

**Seeds of promise sown into a well tended garden will produce wonderful results. Neglect of that same garden will only produce a weed choked mess of unfulfilled disappointment. My advice is to receive words of personal prophecy and then expectantly position yourself to step through its doors of opportunities. One final word of advice. Use discretion as well by using trustworthy prophetic sources.**

## **Prophecy : Invoking Blessing : Chapter 14**

### **Breaking the Cycle of Misfortune.**

**Meet the ordinary men and women walking along any street and interview them. Your notes from those dialogues would be filled with individual stories of struggle, loss, hardship and concern about their future.**

**Some would have experienced a measure of success only to see it moderate and then ebb away. Success usually comes because of learnt skills, innovative business / financial planning and focused efforts. These attributes create opportunities for success. In this chapter I will address the power of invoking blessing. Releasing blessing will impart the supernatural favour of God into the work of your hands. This forgotten rite is being re discovered and will benefit those that practise it. Its supernatural power will break the cycle of misfortune.**

**Let me reference this subject first by saying every generation will reap what it sows. Good deeds bring good harvest. Bad deeds bring bad harvest. You and I get our run at life just like our ancestors before us had theirs. Often what we don't realize is that generational curses descend from ancestors into our time frame and bring results that plague us until they are broken. Things like physical conditions, poverty, oppressive traits are evidence of this. Some will say "It runs in our family." but this can be supernaturally repaired and that is what I want to address.**

**When someone comes into faith and puts their trust in the Lord Jesus as their personal Savior He removes the guilt of their sin. We then come into relationship because of His redemptive work. His Holy Spirit comes to live within us and we have the true choice of walking with Him in relationship.**

**He reveals a very powerful provision for us in the scriptures. Read (click)[Numbers 6 : 23 to 27](#) in the Holy Bible. Here God speaks to Moses and gives instruction to Aaron the High Priest. He tells him how to impart blessings. He gives a sample of invoking the blessing and then says "In**

Author Keith A. Paul

**this way you will place the Name of God on these people and God will bless them.” Doing this releases the supernatural power of the Holy Spirit and brings great blessing. His power vetoes generational curses so that a new season begins in our lives.**

**Speak this blessing regularly: (Customize it for your self by inserting your name or your family names in place of the word you. God says He will place His name on the recipient and bless them. The cycle of misfortune will be broken.)**

**“May the Lord bless you and keep you. May the Lord cause His face to shine upon you and be gracious to you. May the Lord lift up His countenance on you and give you peace, prosperity, safety, health and success.”**

**My advice is that we should memorize this specific passage of scripture and then speak it over our health, our finances, our family,our children, our home, our vehicle, our plans for the day and our future. Doing this will break the cycle of misfortune stalking us and bring us into a time of increase and goodness. We will also need wisdom to steward what comes upon our lives because distractions and pride can rise when we have incurred abundance. Don't let history repeat itself.**

## **PROPHETIC APPLICATIONS: Chapter 15**

### **SUPERNATURAL TOUCH DIAGNOSIS and IMPARTATION**

This whole area is an intriguing area but becoming very common among those gifted with prophetic abilities. Essentially this phenomena is the ability to place ones hands on someone and give an accurate diagnosis of any maladies, diseases or infirmity that person may have. Accuracy levels are increasing in this frontier and this phase is usually followed up with a 2<sup>nd</sup> phase and that is impartation of healing. These gifts come because of the supernatural abilities of the Holy Spirit. The Holy Spirit is the Third Member of the Triune God. A prophecy made 2,000 years ago stated that when the Holy Spirit comes He would take what belongs to the Father God and make it known to us. (click) [John 16:15](#) These two supernatural abilities are being released again today because of need and because of people willing to take risk. Risk of being criticized as being strange. Bravery and confidence will however, overcome fear and bring great breakthroughs in the supernatural.

When developing your prophetic gifts there are some important indicators that you need to recognize. This article will address those indicators.

Let me mention firstly, the word of knowledge. A word of knowledge is supernatural knowledge that is given to you from the Holy Spirit. A specific word of knowledge could come to you via a mental picture, a literal word describing a condition that is impressed on your mind, a detailed thought pattern, an audible voice or even experiencing the symptoms of someone before you. This last category is where supernatural touch diagnosis fits in. As an example, if you shook hands with someone and at that moment you felt some degree of an illness, disease or pain then it would indicate that the prophetic gift of supernatural touch diagnosis was happening through you. At that point, you can respond by saying to the person do you experience such and such conditions. Describe what you felt and then offer to impart healing to them.

Author Keith A. Paul

**The 2<sup>nd</sup> phase of impartation for healing is just as intriguing as the word of knowledge. The key to all of this is having the Holy Spirit in your life and learning how to follow His lead. It is reasonable to conclude that if the Holy Spirit has given you a word of knowledge then it is also certain that He will release supernatural healing through you. Remember He is the giver of supernatural gifts. You are not the source, He is. You and I are the vessel being used or the channel through which He chooses to operate through. So when you get the word of knowledge in whatever form it may be, then you should offer to pray for the healing of that person on the spot. This doesn't need to be a long winded prayer and exercise. Simply saying as Jesus often did, "Be healed" is often all that is needed.**

**There are many readers that will have experienced latent and the early indicators of supernatural touch diagnosis and healing impartation. My advice is to pursue this and make room for their development. Others will need your gifts in their time of need.**

**Prophecy:  
Second Heaven Authority : Chapter 16**

**Disarming Evil Strategies**

In this chapter I want to address hexes, curses, and other tactics of the dark side. First, let me say that there are different spiritual realms. Terminology may vary from various sources so let me put some definitions on what I am speaking about. In scriptural prophetic terms I want to define the first heaven as the natural skies and universe that is visible with the natural eye. The second heaven is the realm that angels pass through in transfer between natural earth and the third heaven where God dwells and all those redeemed in heaven. The second heaven is a realm where evil principalities also reside and operate from. Prophetic people will often be escorted under the protection of the Holy Spirit into the second heaven to observe demonic activity and plans. The purpose of this insertion by the Holy Spirit is to reveal the enemies plans and equip us to veto them.

Now here is how to disarm those strategies of the enemy. The devil is given strength to operate because of sin. Sin in an individuals life becomes an entrance for attacks meant to deceive, enslave or curse in some measure. However, for those who have a personal living relationship with Jesus Christ there is cleansing because of our faith in His blood that cleanses every sin. Knowing this truth gives a blood washed believer authority to reject curses of the devil or curses spoken through people against the believer. However, if believers don't know this information then they can be deceived into a default position and vulnerable to demonic curses. The devil deals in deception and lies. He will attack if we are unaware of the truth even if we are without sin because of the Blood of Jesus.

It is important therefore to have a Biblical base knowledge of truth. Specifically, that you are forgiven, that you belong to God and that through His strength can overcome everything the enemy brings against you. A

Author Keith A. Paul

**Believer in Christ Jesus has been given authority to veto the devils plans against them. Read (click) [Matthew 10:1](#) and [Mark 16:20](#) for this mandate. Also [1 John 4:4](#) indicates the same position of authority. Authority must be exercised.**

**When the Holy Spirit gives you a second heaven escort and the enemies plans are revealed to you then you can cancel the devils plans, curses and hexes. You do this by saying “In the authority of Jesus Christ and His blood I cancel and veto the plans of the devil against me. I release the blessing and favour of God in its place and I thank you Father in Heaven for your provision. Amen.”**

**Prophetically, God wants us to come up higher into the third heaven where we can sit down with Christ and receive revelation for earth's journey. [Ephesians 2:6](#) speaks of this place. From this heavenly place we have the mandate to release Heaven into earth.**

[Prev.....](#) [Next](#)

**Prophecy :**  
**Releasing Supernatural Power : Chapter 17**

**His Anointing is for you too.**

The word anointing means “power” and comes to all who ask for more of the Holy Spirit's Presence. I experienced a vision a few years ago. Jesus appeared clothed in brilliant white with radiating light beams shining around Him. He was elevated above everything else that existed. In this vision I saw that all His attributes were in His very Presence. By that I mean for instance, that healing is within Him not something that He has to go to the supply room to retrieve so He can give it to someone in need. In the same way every other provision needed by believers was not an item on the shelf awaiting for delivery but all these were in Him. Not separate, but in Him and part of Him.

The source of your anointing is Christ but is delivered by the Holy Ghost within you. The name of Christ means Anointed One. Every place in scripture where His Name is used, it is a reminder of

His great office and power. He is also Jesus (Savior) and Lord (Master) Jesus stills asks the question of His followers today: **Who do you say I am?** Your answer to this question could well determine your place in eternity. It is that important. The answer to this vital question will also dictate as to how you live this life on earth. Are you a " Christ-One ? " (Christian?)

If we are a Christian then we should be like him, for Christ is in us and the Holy Spirit will exalt Christ through us.

This promise of the anointing coming upon you is for today. It is so precious. Once touched by the Holy Spirit's presence as He comes upon you, nothing else will ever fulfil the cry of your inner spirit. Peter the apostle, under the power of the Holy Spirit said that this anointing was for all that the Lord would call.(click) [Acts 2:39](#) Are you part of the

Author Keith A. Paul

**Body of Christ? If you are, you have a ministry function or role in His Body. Yes you do!**

**Every person as a born again believer has purpose, calling and function and is a member of Christ's church. The anointing of the Holy Spirit on your life will take you into a dimension of supernatural power that will empower you to fulfil your role as if Christ Himself were doing it with the abilities He has. Think of this for a moment. Let this become the inner image of who you are in Christ and what this anointing can do through you.**

**The anointing will lift burdens from you and destroy yokes of oppression that are over you. Every work of the enemy will be destroyed by this power from the Holy Ghost. Yes, where the Spirit of the Lord is, there is liberty from everything that oppresses. What victory there is in this anointing.**

**Not long ago, the Lord gave my wife and I the opportunity to speak in Brazil.**

**Some of those meetings were so saturated with His anointing. Spiritual hunger draws the anointing of the Lord into meetings. In some of those meetings people were overwhelmed by His power and collapsed to the ground. These were definitely not courtesy falls. They were laying all over the ground in the tent completely overpowered by the Holy Spirit. Those trying to get up staggered like drunken sailors only to fall again. Laughter was everywhere. People were shaking under His power. Ushers were carrying people to the sides so others could come forward. We prayed for more than 500 people that night. Some of these people looked like they were being violently electrocuted by the Lord. They of course were fine but experienced great deliverances and impartation of power. Many were healed. Some were stuck to the floor and couldn't get up. Many had visions. Some sobbed and others danced in His Presence. Young people got saved and delivered from drugs. This is what the anointing does. It releases Heaven into earth. It is glorious and wonderful.**

**In another location in Brazil when I gave a prophetic word about God releasing an anointing for intercession before the interpreter could translate my words, twenty or so people were violently knocked out of their chairs down to the floor and began to weep, scream and pray**

Author Keith A. Paul

**earnestly for God's will to be done on earth. It was like a hand grenade had been thrown into the meeting. Folding chairs scattered everywhere when these people were taken into intercession by the Holy Spirit. The Lord did incredible things in those meetings. The Holy Spirit is powerful. When He works we call it His anointing.**

**In Africa I have talked with one pastor who was raised from the dead. Many others have experienced the same resurrections. God is doing great and mighty works. Blind eyes are being opened, deaf ears hear and lame people are walking. This is real stuff. Not fabricated lies. His anointing is as real today as it was when Jesus was anointed with the Holy Spirit's power and went about doing good. It is for today and available for today. May the Lord impart His anointing even now into you. May you experience the prophetic realm and engage His supernatural power.**

## **Prophecy: The Success Factor: Chapter 18**

**Successful Leaders Possess the Future. Prophecy helps them maintain their course.**

Immediate, short term and long term plans plus implementing them is part of the human journey. This process could include caring for the needs of a family to a high level corporate strategy. Let me take the initiative here and name such areas as recreational, educational, research, financial, careers, global issues, human suffering and the spiritual needs of mankind. There of course are wide ranges of application with every life situation. Prophecy can bring a supernatural edge into life's journey that will ensure success. Few have made this discovery but the supernatural application of prophecy is now poised to impact society in unprecedented ways. When it does it will bring great advantages to those who access this prophetic resource.

First let me describe a leader as someone who takes initiative to resolve lives journey rather than someone who lets circumstances dictate that journey and because of that initiative the journey takes him or her where they intended. The difficulty with life's journey is the unpredictable and untimely circumstances that intrude into our lives. Most of us have had set backs that came at us. We learn to survive and go on but what if we were able to tap into a supernatural GPS (global positioning system) that would successfully navigate us through these unpredictable events and turn them into opportunities to our advantage? Prophecy is that navigation system because it brings a supernatural resource to us that shifts us into a position where we gain instead of lose.

Are you ready for this? It takes willingness to learn the quick changes in information technology (IT) if we are to keep pace in that field. So it is with prophecy. There is a learning curve but it brings results that are more than trendy. They are cutting edge. The results of being in step with a working prophetic resource assures success. The prophetic gift of the Holy Spirit

Author Keith A. Paul

**can equip us for the most difficult of life's challenges and bring us into high gain positions. We need to learn how to listen, hear, understand and then implement what is being made available through the prophetic.**

**My advice is to read and review the writings or words of trustworthy prophetic people. Resource their websites and newsletters so you have a finger on the pulse of what's happening in the prophetic realm. Wisdom will come and that leads to understanding and then implementation in your life.**

## **STEWARDSHIP OF THE SECRETS OF THE HEART is**

### **THE SECRET TO SUCCESS FOR THE PROPHET AND PROPHETESS.**

**The unique wisdom and discernment that attends the gift of prophecy also brings with it accountability.**

**Prophecy opens the doors of the human heart and unravels mysteries held deep within the human spirit. The gift of prophecy can diagnose and remedy human heart conditions. In doing this, prophecy can empower the recipient and initiate positive change for them. Therefore the prophet can truly be a God sent blessing to many. However, the responsibilities that attend revealing the secrets of the heart must be taken seriously by those exercising prophetic gifts or what they carry will be taken from them and released to others.**

**Confidentiality, trustworthiness and honesty must all be key components of the prophet's life. Motivation for pursuing and releasing prophetic power must always be directed by love, concern and caring. There is safety when these motivational characteristics are demonstrated through the prophet. It is so true that power can corrupt and absolute power can absolutely corrupt. However, operating with the motivational elements of love, concern and caring for others will spare the prophetic person from this major pitfall.**

**Furthermore, the secrets of another's heart may in fact contain experiences and memories that can be very difficult for the prophetic person to cope with. The expectations of others for prophetic words can exact a heavy toll on even the most seasoned prophetess. Demonstrating love, concern and caring will make it much easier. The prophet or prophetess will successfully overcome the human demands placed on**

Author Keith A. Paul

**them because of their gift, if they learn this valuable lesson and walk in it.**

**The underlying question in all of this is how to maintain these motivational characteristics on a consistent basis. The source of genuine prophetic gifts are found in the Holy Spirit and He also is where the motivational elements are found. Along with asking for greater prophetic abilities we must ask for an increase of these motivational characteristics.**

**The Prophet's role may include 5 to 10 % foretelling of future events with the remaining 90% and larger portion of their prophetic gift being used to build up, encourage and comfort others. Keep this in mind and look at your long term success as a prophetic person. What motivates your heart and how you love and care for others will keep a steady stream of seekers coming your way. This more excellent way will preserve you from "Here today and gone tomorrow"**

## **Prophecy: The spirit of Prophecy : Chapter 19**

**Core values are still important today in the realm of prophecy. There are many voices speaking into the prophetic arena and unfortunately there is a varied mix of quality that ranges from bad to excellent. This article addresses those core values and how following them will raise a prophetic word into the class of excellence. A dilemma exists because God demands excellence but works through people that have imperfect traits in character, motives and thought filters. However, the Holy Spirit can help raise the prophetic gift in your life to a higher level of quality, if you permit Him to lead you. Let's examine these core values closely.**

**First, let me bring focus to the subject. There are predictions made daily by those promoting horoscopes, occult themes, witchcraft and other deceptive teachings. There can be a definite supernatural reality to these but they are anchored in the dark kingdom of Satan. These prophetic voices bring deception, curses and confusion to those that promote them and those that receive them, so I place these at the very lowest end of the evaluation scale. In this article, I am addressing core values as related to the gift of prophecy that the Holy Spirit is releasing.**

**There is a defining quote I must refer to from the Book of Revelation in your Bible. Revelation 19:10 states, “ for the testimony of Jesus is the spirit of prophecy” This means that the content of an excellent prophetic word must bring focus to the person of Jesus Christ and subsequently lead people into a deeper encounter and relationship with Him. To achieve that level of excellence, the prophet must seek for and maintain a deep spiritual relationship with the Lord. He or she must know the heart, the character and the mind of the Lord Jesus. Some will dismiss this as being impossible but it is a written promise within God's word and therefore possible because of the Holy Spirit's Presence within the Believer. The Holy Spirit has been sent from the Heavenly Father to reveal Jesus to you. He is able to not only reveal the person of Jesus to you but what is on His mind and heart for that specific prophetic word. When that level of revelation belongs to you, your gift of prophecy will function on a much**

**higher level. This means that personal knowledge of Jesus is vitally important.**

**How do you increase your knowledge of Jesus? You must spend time with Him. Invite the Holy Spirit to bring understanding to you while reading about the life and ministry of Jesus in the Gospels. Watch for what motivated Jesus in ministry. Notice what He responded to and commended in others. Identify His purpose in ministry, His traits and His goals. Ask the Holy Spirit for inspiration and understanding. You will find revelation when you approach prophecy on this level.**

**It is also important that you understand who He is and His mission. Jesus Christ is the only given Son of God. He came to earth as God but took upon Himself the form of mankind. He came to demonstrate the love and mercy of God. He healed the sick, raised the dead and set many free from demonic oppression. He only said what He heard the Father saying and only did what the Father wanted done. He also came to satisfy God the Father's demand for justice. The price of sin had to be paid and Jesus paid that redemptive price by shedding His blood on a cross of death. He spent three days in the grave and was resurrected so that all who believe on Him might be saved. He later ascended back to Heaven to be seated on the right hand of God the Father. An excellent prophetic word will be anchored on these truths, operate out of these truths and bring people into an experience with these truths. If you lose that focus your prophetic words can easily drift into sensationalism, speculation and fantasy.**

**Demonstrating excellence in the prophetic gift also means you will encourage, instruct and comfort people. Your word will encourage them to seek after God and His kingdom and it will instruct them in developing spiritual maturity. It will also comfort them in the context of their journey with God in a very troubled world.**

**Prophecy may not but often does reveal future events. This is probably what most people equate prophecy with but it is only one aspect of this supernatural gift. Wisdom and caution is needed here. The down side of the predictive element is that people can easily become distracted from God and attracted to the prediction or the one giving it. Therefore, you need to ask the Holy Spirit to give you wisdom in what and how you share predictions about future events. I believe God is releasing many predictive words over the nations in this season. These predictions always carry a**

Author Keith A. Paul

**promise. Even if the prediction forecasts some calamity, God will provide room for mercy and a change of plans, if people will turn to Him in prayer and away from their evil behaviour. Again it bears repeating that the prophet must know the heart of God even in predicting calamities. God has eternity in mind and if all else fails to get the attention of mankind, He prefers to shake them up so they get serious about their eternal well being rather than seeing them go into eternal torment. His love reaches out even in judgement. Judgement will come upon sin but God may choose to use desperate circumstances when necessary, to bring men back to the reality of how short this life is in comparison to eternity. If they fail to follow after Him by putting their trust in Jesus as Lord and Saviour, then they have chosen eternal separation from God by default.**

**In summary, excellence in prophecy means you as a prophet will speak with love and mercy; not in anger or harshness. Your prophetic messages will also encourage, instruct and comfort people. You may or may not predict future events. Finally, your prophet ministry should be prompted and lead by the Holy Spirit; reflecting the heart, thoughts and wisdom of the Lord. Pursuing these core values will raise your prophetic ministry into excellence. The Holy Spirit will lead you into an intimate knowledge of the Father's heart as you spend time with Him and He will give you deep prophetic encounters with His supernatural Presence. This is the spirit of prophecy. Core values are important, so embrace them with God's help in your prophetic ministry.**

**May His goodness and mercy overtake you today.**

## **Prophecy: Embraced by Father God: Chapter 20**

### **Finding Your Prophetic Destiny.**

**Prophecy released by the Holy Spirit is the voice of Father God. He is definitely speaking into today's world. His voice can be observed through creation, read in the scriptures, echoed through His people and heard by the ears of the human spirit. Clearly, we are in a time when anyone who wants to hear can hear what the Spirit of God is saying. The question arises “ What is Father God saying and how does the message relate to me? “ I will address this in this chapter.**

**Individual prophet and prophetess are unique in their style, format and means of delivering a prophetic message. The uniqueness of their specific role blends an interesting variety into the prophetic platform. The variety however, should not distract the listener from the central message of these God sent communiques. You will find that the core theme being spoken prophetically today comes from the heart of the Father in Heaven.**

**His words are laden with invitation. He is reaching out with tenderness and love. In wrath He is remembering mercy. There is compassion and love flowing from His heart toward all who will listen and receive. His arms are open wide to those journeying on this planet. He wants to embrace the broken hearted, heal the wounded, restore strength to the weak and uplift those that are under heavy burdens. He is speaking out with a willingness to forgive our trespasses, our sins and our failures. There is a sense of urgency and intensity in what is being spoken through the prophetic voice of the Holy Spirit.**

**It is not only about our needs and cares but about the longing of His heart. The longing of His heart is to restore relationship with all those who respond to Him. He is inviting us to come into His embrace, into spiritual intimacy with Him. A place unseen with natural eye but very very real. A**

Author Keith A. Paul

**relationship where we walk with Him and He walks with us. A place of knowing His love, His words, His touch and Presence in tangible ways.**

**You see, He loves you deeply. Enough to look beyond your failures and still call you to move forward into your destiny. He is willing to forgive your sins because of the blood of Jesus given on the cross. If you confess those sins, He is willing to forgive and cleanse you. Then He invites you into the deep chambers of His heart and to know Him.**

**I personally have experienced His power coming on me many many times. Sometimes His power feels like electricity but not destructive. Sometimes His Presence feels like liquid love flowing through every cell of my being. I have felt the fire of His Presence burning so intensely that I thought I would melt away. I have cried in His Presence, laughed with Him, felt a small measure of His sorrow and pain as He looked over the earth and together we listened to the cries of agony and suffering. At other times I have experienced deep deep joy and peace. He is living, intense, awesome, Holy but not far off.**

**The prophets are inviting you into His embrace. It is there that you will find your resting place and your destiny. There you find fulfilment, completion and purpose. There you will find favour and provision.**

**He is still coming with good news and doing supernatural works for those who will embrace Him and believe. Enter into your destiny. Allow Him to embrace you. Rise to the place you were called to be in.**

**Turn your face toward Him and be transformed into His Image. (click) [2 Corinthians 3: 16,17,18.](#)**

**This ends our Journey through Prophecy... Increasing the Seer Anointing. Pursue the Presence of the Holy Spirit with all your heart. For He longs to take you very deep into His Presence and reveal the secrets of the Kingdom of Heaven. Jesus states that “the secrets of the Kingdom of Heaven have been given to you.” Matthew 13:11. May you be blessed in your pursuit.**

**Amen**

**1Co 12:1** Now concerning spiritual gifts, brothers, I don't want you to be ignorant.

**1Co 12:2** You know that when you were gentiles, you were enticed and led away to idols that couldn't even speak.

**1Co 12:3** Therefore, I want you to know that no one who is speaking by God's Spirit can say, "Jesus is cursed," and no one can say, "Jesus is Lord," except by the Holy Spirit.

**1Co 12:4** Now there are varieties of gifts, but the Spirit is the same;

**1Co 12:5** and there are varieties of ministries, but the Lord is the same;

**1Co 12:10** to another miraculous results; to another prophecy; to another the ability to distinguish between spirits; to another various kinds of tongues; and to another the interpretation of tongues.

**1Co 12:11** But one and the same Spirit produces all these results and gives what he wants to each person.

**1Co 12:12** For just as the body is one and yet has many parts, and all the parts of the body, though many, form one body, so it is with Christ.
